# Auction of Racing Colours

What is being sold is a right: the right to register the colours in Britain for use on the racecourse, such that, should the registrant own a runner in a horse race, the rider whom he/she engages to ride the horse may don the registered colours. (In the very unlikely event that two registrants with similar colours each have a horse running in the same race, one rider may be asked to wear a distinguishing cap).

One need not be a racehorse owner to register colours. Indeed many colours are registered to non-owners, who perhaps intend to own a horse at a later date or pass the right to register the colours to their children.

All colours are sold as described and the buyer is purchasing the right to register these colours in accordance with the Rules of Racing. The successful bid price will include a registration period according to the price sold (see below), and the buyer will be presented with a set of silks upon registration.

<= £10,000	1 year
£10,000 - £20K	5 years
>£20,000	10 years

Please note that if the purchaser fails to formally register the colours with the British Horseracing Authority, via Weatherbys within one year of the auction date the purchaser runs the risk of losing the right to register them. The name of the registrant will be published on the Racing Administration website upon registration.

# Special Conditions of Business for Lots 1-8 inclusive of the Colours Auction:

Lots are offered for sale subject to the conditions of business in the catalogue as amended by the special conditions of business set forth below. In the case of a conflict between the condition of business and the special conditions of business, the special conditions will prevail. The conditions of business will apply to the extent that they have not been amended by the special conditions of business and to the extent that they apply to an intellectual property right.

## 1. Definitions

The definitions of the words and phrases with special meaning in these special conditions of business are set forth in the Conditions of Business.

## 2. Doncaster Bloodstock Sales Limited Capacity

As auctioneers of lots 1-8 inclusive, Doncaster Bloodstock Limited act as an agent of the British Horseracing Authority. Doncaster Bloodstock Sales Limited shall have no responsibility of liability for any acts or omissions of the British Horseracing Authority in connection with the performance of its obligations in respect of lots 1-8 inclusive.

## 3. Auctioned Rights

On payment to Doncaster Bloodstock Sales Limited Auctions in cleared funds of the total amount due, the buyer will acquire the right to register the racing colours concerned for the purposes of racing under the 'Rules of Racing'. The buyer must register the Racing Colours concerned with the British Horseracing Authority, via Weatherbys.

## 4. Registration of Colours

The buyer of each lot will be required to complete a Colours registration form (CO1). Applications for registration will not be entertained until the buyer has paid Doncaster Bloodstock Sales Auctions in full the total amount due, and Doncaster Bloodstock Sales Limited has applied such payment to the lot and notified the British Horseracing Authority of the identity of the buyer. An application for registration of Racing Colours that is approved remains subject to cancellation by the British Horseracing Authority under rule E82-85 of the 'Rules of Racing'.

## 5. Registration fees

The registration period included is reflective of the hammer price. A re-registration fee will be charged once the included registration period has lapsed if the purchaser wishes to renew thereafter.

## 6. Publication of registrant name

The name of the buyer will be published on the Racing Administration website upon registration of the colours, and in subsequent annual calendars whilst colours remain registered.

## 7. Rules of Racing

The 'Rules of Racing' are published by the British Horseracing Authority and are available online at <http://rules.britisshorseracing.com>. Potential bidders and buyers are advised to refer to the 'Rules of Racing' for their full terms and effects.

82.4 An Owner who has more than one set of registered colours must inform The Racing Calendar Office which colours are nominated as his First Colours.

82.5 The Authority may direct that the registration of an Owner's racing colours shall cease to be valid in such circumstances as it considers appropriate.

82.6 An Owner who runs a horse (82.6.1) without registering colours in accordance with this Rule, or (82.6.2) in colours which do not materially comply with those registered for the Owner, shall be taken to have contravened a requirement imposed on him by this Rule.

83. Circumstances in which use of other racing colours is required; 83.1 An Owner must declare alternative colours if asked to do so by the Judge. 83.2 Where (83.2.1) an Owner has more than one horse running in the same race, or (83.2.2) an Owner's horse will not be carrying his First Colours in a race, the Owner or the Trainer should declare alternative colours to the Racing Calendar Office by 1.00p.m. on the day for making declarations to run under Rule (F)89. 83.3 If for any reason the Owner or the Trainer is unable to make the declaration required by Paragraph 83.2 he must declare alternative colours to the Clerk of the Scales before the rider weighs out.

85.1 An application for the registration of racing colours under Rule 82.1 must be (85.1.1) made using the Prescribed form, (85.1.2) sent to The Racing Calendar Office, and (85.1.3) accompanied by the appropriate fee. 85.5 Unless the Authority otherwise directs, no transfer of colours between persons or entities will be permitted whether upon re-registration or otherwise unless the transferee is the

85.5.3 son,

85.5. daughter, or

85.5.5 the executors or the administrators of such persons

85.5.6 if the transferor, or in the case of a deceased transferor the heir to his racing interests,

85.6.2 a Recognised Stud Company registered under Rule 35,

85.6.3 a Recognised Company registered under Rule 40,

85.6.4 a Recognised Business Partnership registered under Rule 48,

85.6.5 a Joint Ownership registered under Rule 67, or

85.6.6 a Racing Partnership registered under Rule 62.

85.7 Provided the Registered Owner is a registered trustee, approved nominee, Registered Agent, Business Partner, Joint Owner or Nominated Partner as the case may be of the ownership category in question or vice versa (85.7.1) colours may only be transferred back to the original registrant.

Please note that all Colours Sets offered for Sale are unique. However, there may be similar sets currently registered under the Rules of Racing.
