HANDICAPS AND OTHER RATING RELATED RACES
HANDICAP RATING FOR QUALIFICATION

Before making entries for Handicaps and other Rating Related races, reference must be made to the qualifying Rating Lists published on the Official Handicap Ratings area of the British Horseracing Authority Racing Administration Service Internet site each Tuesday. These ratings will apply for qualification purposes for races closing on the Tuesday of publication through to the following Monday. Amendments to these qualifying ratings will also be published, for information, on the Racing Bulletin area of the Racing Administration Internet site.

HANDICAPS WITH SPLIT ENTRY STAKE FEES

For those Handicap races which have a split entry stake fee dependent on the Handicap rating of the horse, i.e.

- £xx stake if the horse is rated aa or higher, or
- £yy stake if the horse is rated bb or lower with
- £zz extra if the horse is declared to run

The relevant stake fee shall be determined by the Handicap rating used to calculate the weight for each horse entered in the race in question, and not by the published qualifying rating, if any.

The conditions of races appearing in this book are subject to alteration before closing. The final conditions will appear in the relevant Racing Calendar in advance of the closing date.

INTRODUCTION

If the 2011 season was dominated by the performance of one extraordinary British trained horse, so Frankel's superiority continued in 2012 with the addition of 5 more Group 1 victories, to take his tally to 10 Group 1s in a career of 14 races unbeaten. Frankel was rated the best racehorse ever when the World Thoroughbred Rankings Supervisory Committee revealed its 2012 classification, having taken the unusual step of amending downwards the ratings of past champions, most notably Dancing Brave, in order to make them truly compatible with the modern, worldwide, rankings protocol. This was not to diminish their performances, but to ensure that like was being compared with like.

Given that Frankel was in 2012 the highest rated racehorse in the world (never mind the highest rated ever) it is perhaps not surprising that Britain staged 8 of the top 10 rated races in Europe, when measured on the end of season ratings for the first 4 placed horses, the usual Pattern Race standard. It is notable, however, that Frankel did not take part in 4 of those races, and 14 of the world's top rated 25 flat horses raced in Britain during the season.

Frankel's final victory in the Champion Stakes was perhaps the least dominant performance in all his races, but his appearance surely helped to attract a capacity 32,000 racegoers to the second British Champions Day at Ascot, who, loudly and enthusiastically, cheered him from the three-furlong pole to the winners' enclosure. In contrast to the first British Champions Day, the second took place on ground which was soft, heavy in places, on a dull day, but there is no doubt that the renewal built on the success of the first running of the event. Will the gainsayers claim that this was solely due to the Frankel factor? We shall see.

While many have welcomed the introduction and initial success of British Champions Day, there were wide misgivings about the upheaval this created in the autumn programme for two year olds. Happily, after much hard bargaining, that issue has been resolved with the establishment of a Future Champions Day for 2014, on Friday 17 October, the day before British Champions Day. The Fillies' Mile will switch places with the Rockfel Stakes, to join the Dewhurst and Middle Park Stakes programme containing 3 of the year's 5 Group 1s for two year olds. These two days can truly be entitled "British Champions Weekend", a fortnight after the French festival at Longchamp.

Pride of place amongst this year's Pattern upgrades goes to the British Champions Fillies' and Mares' Stakes on British Champions Day, to join the Champion Stakes and the Queen Elizabeth II Stakes as Group 1s on that day: a promotion richly deserved by the ratings. Further down the scale, applications for Pattern upgrades have been successful for the Abernant at Newmarket's Craven Meeting and the Superior Mile on Sprint Cup Day at Haydock Park. Both races become Group 3 events in 2013. Furthermore, Newmarket will further strengthen its July Meeting with the introduction of the Listed Stubbs Stakes for 3yos over a mile, while Doncaster will enhance its St Leger Meeting with The Flying Scotsman Stakes, a Listed race for 2yos, which replaces Goodwood's Stardom Stakes. One race has been downgraded, namely the Lingfield Park Derby Trial, although, encouragingly, the racecourse executive will be maintaining its 2012 prize fund. The Pride Stakes will feature among Newmarket's black type races once more, as the Severals Stakes has been renamed in honour of that great race mare, who herself captured the Champion Stakes in 2006, the only filly to have done so this century.

There have been increasing concerns over the years about the control of quality of Pattern and Listed races, and stricter downgrading procedures have indeed now been introduced (and will be found later in this book). Europe has historically led the world in the quality of its black type programme, as demonstrated by the reduction in the number of Listed races across Europe over the last 2 years - down from 471 in 2010, to 460 in 2011, and to 445 in 2012. The European Pattern Committee is committed to an ongoing review of its ground rules, under which European black type races are managed, recognising that recent foal crops have fallen across Europe following a significant expansion of the horse population during the 2000s.

It is good to report that there has been a rise for 2013 in minimum values across the board, for Pattern and Listed races. The details are as follows:

Group 1	(3yo+)	£180,000	(2yo)	£145,000
Group 2	(3yo+)	£90,000	(2yo)	£65,000
Group 3	(3yo+)	£60,000	(2yo)	£40,000
Listed	(3yo+)	£37,000	(2yo)	£25,500

Nearly all Group 1 races in Britain will be run once again in 2013 with prize funds substantially in excess of the obligatory minimum values, and of course gratitude is due to the racecourses and sponsors as ever. Without denigrating the vital and generous contribution of the sponsor of every race on every course, special thanks must go to QIPCO, who have substantially increased the prize money for British Champions Day, and to Godolphin who have stepped forward to sponsor the Dubai Future Champions Day.

SCALE OF WEIGHT FOR AGE FOR FLAT RACES - (NORTHERN HEMISPHERE BRED)

NOTE: Attention is drawn to the provisions of Rule (F)29.2

The scale of weight for age is published by authority of the British Horseracing Authority as a guide to Clerks of Courses in the framing of races. It is founded on the scale published by Admiral Rous and revised by him in 1873. It has been modified in accordance with suggestions from the principal trainers and practical authorities; it has been further revised since and is republished in its present form.

Expressed as the number of 1 lbs that it is deemed the average horse in each age group falls short of maturity at different dates and distances.

EUROPEAN PATTERN COMMITTEE

AIMS

1. The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries.
2. The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

MEMBERSHIP AND ADMINISTRATION

1. The Committee includes five member countries: France, Germany, Great Britain, Ireland, and Italy, represented by their respective racing authorities: France Galop, the Direktorium für Vollblutzucht und Rennen, the British Horseracing Authority, Horse Racing Ireland (HRI), and the Agenzia per lo Sviluppo Settore Ippico (A.S.S.I. - formerly U.N.I.R.E). Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual Rankings produced by the World Ranking Supervisory Committee (WRSC) of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WRSC including a co-Chairman.

GROUND RULES

1. GENERAL RULES FOR RACES IN THE EUROPEAN PATTERN

Every race in the European Pattern must conform to the following rules:-

1. It must have no indigenous conditions.
2. It must have a permanent element within the race title, to which a prefix or suffix may be added.
3. It must justify its grouping by the quality of its runners, assessed primarily by its Average Race Rating.

- An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period. The Yearly Race Rating is the average of the official ratings, as agreed by the WRSC, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Annual Ratings. If a race is abandoned during any three-year period, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

The Average Race Ratings below are the standard which a race should achieve to justify Pattern status:

Group 1	Group 2	Group 3
115	110	105

For certain races, however, other parameters will apply as follows:

3-y-o's or older fillies' and mares' races

Gp1	Gp2	Gp3
110	105	100

2-y-o races (other than fillies' events)

Gp1	Gp2	Gp3
110	105	100

2-y-o fillies' races

Gp1	Gp2	Gp3
105	100	95

- Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.

2. DEFINITION OF CHANGES TO THE EUROPEAN PATTERN

For the purposes of the Ground Rules, changes are defined as:

- Any change to the Group of a Pattern race.
- Any change to the distance, age or sex restriction, date, venue or surface of a Pattern race.
- Any change to the permanent element in the name of a Pattern race.

4. Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
5. The introduction of a new Pattern race.
6. The deletion of an existing Pattern race.

3. RULES GOVERNING EUROPEAN PATTERN RACE CHANGES

(a) Upgrading of Existing Pattern Races and the Creation of New Pattern Races

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and shall be waived only in exceptional circumstances and with unanimous agreement.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

1. To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on the same date for at least the last three years. (Note: a change in venue and/or surface is acceptable).
2. An application for upgrading a race which has been abandoned once within the last three years may only be submitted if both of the last two Annual Ratings meet the required parameter.
3. A race shall be eligible for promotion if the race in question achieves both an Average Race Rating and a Yearly Race Rating for the last year in excess of the applicable parameter.
4. An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
5. No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
6. The upgrading of any race already in the Pattern must be approved unanimously by the Committee.
7. A Listed race satisfying the requirements for admission to the Pattern must be introduced as a Group 3 race.
8. The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.
9. Where a country has no more than 10% of its Pattern races with an Average Race Rating below the required parameter, the following rules will apply:

- (i) The number of new races to be admitted into the Pattern for that country will be limited to a maximum of two new races in any one year.
- (ii) The number of races to be upgraded within the Pattern for that country will be limited to a maximum of five upgrades in any one year.

(Note: Races to be deleted will be included when calculating the percentage of Pattern races with an Average Race Rating below the required parameter.)

10. Where a country has more than 10% of its Pattern races with an Average Race Rating below the required parameter, the following rules will apply:

- (i) The number of new races to be admitted into the Pattern for that country will be limited to a maximum of one new race in any one year, but only if none of its existing Group 3 races has an Average Race Rating which is more than 3lb below the required parameter.
- (ii) The number of races to be upgraded within the Pattern for that country will be limited to a maximum of one upgrade in any one year, but only if none of its existing Group 1 or 2 races has an Average Race Rating which is more than 3lb below the required parameter.

(Note: Races to be deleted will be included when calculating the percentage of Pattern races with an Average Race Rating below the required parameter.)

11. Any country deleting a race or races from its Pattern may introduce an equivalent number of new Pattern races in the year of the deletion providing that the race(s) fulfils the necessary requirements and is approved by a majority of the Committee. This provision however will not extend to any race which is being automatically downgraded.

12. Any country downgrading a race or races within the Pattern may upgrade an equivalent number of Pattern races in the year of the downgrade providing that the race(s) fulfils the necessary requirements and is approved unanimously by the Committee. This provision however will not extend to any race which is being automatically downgraded.

13. Applications for new races to be admitted into the Pattern from associate members, or from any other country wishing to become an associate member, will be considered on their individual merits and must be approved by a majority of the Committee.

(b) Downgrading or Deleting Pattern Races

The following rules shall apply to the downgrading/deletion of Pattern races

1. Group 1 Races and Classic Races for 3 Years Old Only

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
 - If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
 - If the Yearly Race Rating is more than 2lb below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
 - If the Yearly Race Rating is more than 2lb below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded.
2. Group 2 Races (Excluding those Classic Races for 3 Years Old Only)
- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
 - If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
 - If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
 - If the Yearly Race Rating is below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded.
3. Group 3 Races
- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
 - If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
 - If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
 - If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

4. The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern race by the country concerned. However, no country will have any right of veto in such circumstances.
- (c) In assessing upgrades, admissions, downgrades (except in the case of automatic downgrades) or deletions of races to or from the Pattern, the Committee may additionally take account of:
1. The ratings of the four highest rated horses in any race as well as the first four to finish.
 2. The effect on the shape of the Pattern in the country concerned and/or the effect on the shape of the entire European Pattern.
- (d) The following rules shall apply to any other amendments defined as changes to Pattern races:
1. Any change to the distance, age or sex restriction, date or venue of a Pattern race must be approved unanimously by the Committee.
 2. Any change of surface, any change to the permanent element in the name of a Pattern race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.

4. LISTED RACES

- (a) The Committee will be informed at the Annual Meeting of the total number of Listed races in each country and any proposed increase in the number of Listed races will be discussed by the Committee prior to the additional Listed status being granted by the country concerned.
- (b) The Committee will also review the quality of all Listed races based upon the Average Race Ratings.

The Average Race Ratings below are the standard which a race should achieve to justify Listed status:

- Listed races for 3-year-olds or older other than those confined to fillies and mares: 100
 - Listed races for 3-year-olds or older fillies and mares: 95
 - Listed races for 2-year-old other than those confined to fillies: 95
 - Listed races for 2-year-old fillies: 90
- (c) Downgrading or Deleting Listed Races

The following rules shall apply to the downgrading/deletion of Listed races

- If the Yearly Race Rating for a race is below the parameter in each of the last 3 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating for a race is below the parameter in each of the last 4 years it will be downgraded automatically.

5. WEIGHT-FOR-AGE AND SEX ALLOWANCES

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member countries.

6. NOTIFICATION & IMPLEMENTATION OF CHANGES

1. All Pattern race proposals for the following year must be notified to the Secretariat by December 1st for immediate circulation to all member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.
2. Proformas for upgrades/promotions must be completed in full and returned to the Secretariat as soon as all the information is available. The Committee may reject any Pattern race proformas returned with incomplete information.
3. Changes shall be implemented for the immediate season if accepted according to the Ground Rules.
4. Until agreement has been reached by the Committee, there must be no official statement to the media of any proposed changes to the Pattern.

GROUND RULES FOR BRITISH LISTED RACES

The British Horseracing Authority, through the Flat Racing Committee, will ensure that the integrity and the value of all black-type in Great Britain is maintained. As such, the rating parameters utilised to adjudge Listed races in Britain will be adhered to strictly and any races which are felt to be underperforming will lose their Listed status. In order to clarify the protocol concerning the downgrading of any domestic Listed races, the Flat Racing Committee will be working to the following rules with immediate effect:

A Listed race will have the Listed status removed if such a race has:

- A three-year average rating which is more than 3lb below the required parameter together with one of the following two:
- Each of the last three annual ratings are below the parameter,

Or

- Two of the last three renewals have an annual rating which is more than 5lb below the parameter.

In such cases the race will lose its Listed status immediately (i.e. for the following year).

The Flat Racing Committee retains the right to deviate from these Ground Rules in exceptional circumstances.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.
