LONGINES IFHA'S WORLD'S BEST RACEHORSE RANKINGS 2013

## YEAR OF THE FILLIES AND MARES

**Black Caviar (AUS) [130]** and **Treve (FR) [130]** jointly topped the year-end 2013 Longines World's Best Racehorse Rankings, published by the International Federation of Horseracing Authorities on 6 December 2013.

Black Caviar continued her domination of Australian sprinting in 2013, lengthening her unbeaten streak to 25 in the T.J. Smith Stakes (1200m) at Randwick in April and winning all three of her starts in her farewell season. She also became the first Southern Hemisphere horse to top the rankings. Black Caviar shared that top-spot with the remarkable French filly Treve. Treve's best performance came in the Prix de L'arc de Triomphe at Longchamp where she took apart a top-class field by a staggering five lengths, with Orfevre back in second.

An outstanding eight length victory in the G1 ArimaKinen (Grand Prix) on 22 December 2013 by **Orfevre (JPN)** vaulted the top Japanese runner to a rating of **129**, tying him with **Wise Dan (USA) [129]** as the co-third rated horses in the world for 2013.

Of the top ten rated horses in the World, two were trained in Great Britain, both under the tutelage of trainer Richard Hannon.

ANGLO-IRISH JUMPS CLASSIFICATION 2013/14

## SILVINIACO CONTI REIGNS SUPREME

**Silviniaco Conti**, trained by Paul Nicholls, was named as the highest rated Chaser in Britain and Ireland in 2013/14.

The handicappers allocated him a mark of **174** for his memorable victory in the William Hill King George VI Chase at Kempton on Boxing Day when he wore down the Betfair Chase winner **Cue Card [172]** in a thrilling contest. He also went on to win the Betfred Bowl at Aintree later in the season.

In the 15 years of the classifications, Silviniaco Conti ranks at 12th equal among the 3 Mile champion Chasers alongside Looks Like Trouble and See More Business. In the 2 1/2 Mile Chase category the two wide-margin victories by **Captain Chris [169]** at Kempton and Ascot in January and February were adjudged to be the best performances.

However, the most consistent performer at the top level was the 2 Mile champion Chaser, **Sire De Grugy [172]**. He ran no fewer than seven times, winning on six occasions – four of which were at Grade 1 level. It will be interesting in 2014/15 to see how he measures up to **Sprinter Sacre**, the 2012/13 top-rated Chaser and second-highest rated horses in Anglo-Irish Jump Classifications.

2013 WILL LONG BE REMEMBERED FOR TWO VERY SPECIAL UNDEFEATED RACEHORSES IN BLACK CAVIAR AND TREVE. THE 2013 LONGINES WORLD'S BEST RACEHORSE RANKINGS ALSO MARKS THE FIRST TIME IN OFFICIAL RANKINGS HISTORY THAT THE TOP TWO RACEHORSES IN THE WORLD ARE FEMALE.

The figure for the Total Number of Horses in Training shown in this table will overstate the figure shown in the above tables due to the fact that the above figures also include Yearlings.

Horses owned jointly includes horses owned by Joint Ownerships and Racing Partnerships.

1. Due to changes in the way that Dual-Purpose horses are classified from February 2009 onwards, the figures for Flat-Only, Jump-Only and Dual-Purpose horses may not be comparable with previous years.

2. The figure for Hunter Chasers is the highest point reached during the year, typically in May or June, whereas all other figures are an average of the 12 monthly figures for each year.

3. See "Horses in Training by Age" graph on page 14.

## THE HORSE COMES FIRST

The Horse Comes First aims to increase awareness of the high standards of equine welfare in British Horseracing. The initiative is helping improve the understanding of the care given to our horses throughout and after their careers in racing.

The campaign is supported by the British Horseracing Authority, the Racecourse Association, Racehorse Owners Association, the Professional Jockeys Association, the National Trainers Federation and The Jockey Club.

THIS CAMPAIGN WILL HELP TO ENSURE THAT EVERYONE UNDERSTANDS THE IMPORTANCE WE ALL PLACE ON HORSE WELFARE. WE HAVE A GREAT STORY TO TELL AND THIS CAMPAIGN WILL HELP US TO SHARE IT.

Paul Bittar, BHA Chief Executive

### DID YOU KNOW?

- Among a population estimated to be around 1 million, racehorses in Britain are among the healthiest and best looked after 2% of horses in the country.
- The sport employs over 6,000 people to provide constant care and attention for the 14,000 horses in training, providing them with a level of care and a quality of life that is virtually unsurpassed by any other domesticated animal.
- British Racing is committed to providing the best possible standards of veterinary care for its horses and has invested, via the Horserace Betting Levy Board, over £25 million since 2000 in Veterinary Research and Education.
- British Racing is open and transparent about the risks involved. Over the last 15 years, the equine fatality rate in British Racing has fallen by one-third (from 0.3% to 0.2% of runners). In recent years the average number of runners per annum is in excess of 90,000.

## RETRAINING OF RACEHORSES

Retraining of Racehorses (RoR), founded in 2000, is British Horseracing's official charity for the welfare of horses that have retired from racing. The charity's aims are to raise funds to help support the charitable retraining and rehoming of former racehorses; and to raise the profile of ex-racehorses to promote their versatility for other equestrian disciplines.

RoR provides a nationwide programme of competitions specifically for former racehorses and runs workshops, clinics and other educational activities. RoR also organises parades at Racecourses to demonstrate the adaptability of the former racehorse to the general public. RoR supports four retraining centres whose objectives are to re-school and re-home ex-racehorses. These are: Greatwood, HEROS, Moorcroft Racehorse Welfare Centre, and the Thoroughbred Rehabilitation Centre.

### KEY STATS

- By the end of November 2013 the total number of horses registered with RoR was 8,680, an annual increase of 20%.
- 4,700 horses registered to compete in the RoR Series of Competitions, an increase of 17% in one year.
- RoR's website had over 93,000 visits and 50,000 unique visitors in the last year. A new regional section was launched, and focused social media marketing helped increase visitors to the site.

FOUR OF THE TOP-FIVE LEADING TWO YEAR-OLD SIRES IN 2013 ARE BRITISH BRED.

PLUS 10

Industry-funded bonus scheme, Plus 10, was launched in July 2014 for British and Irish owners and breeders.

The scheme is funded by a combination of registration fees and substantial funding from Horserace Betting Levy Board, British Horseracing Authority, Horseracing Ireland, Goffs and Doncaster Bloodstock Sales and Tattersalls.

Eligible two and three-year-old horses will race for cash bonuses of £10,000 in races staged throughout Britain and Ireland. The new scheme will operate alongside BOBIS in 2015 before expanding into three-year-old races and replacing BOBIS entirely in 2016.

Once fully operational in 2016, Plus 10 will offer more than £5.5 million in bonuses across about 550 races.

For more information visit: [www.plus10bonus.com](http://www.plus10bonus.com)

BOBIS

The British Owners and Breeders Incentive Scheme (BOBIS), operational since 2013, will be phased out and cease to operate after the conclusion of the 2015 Flat racing season.

The scheme was designed to incentivise owners and breeders to invest in British bred bloodstock and to support British racing. BOBIS offers cash bonuses of up to £10,000 which are split between the owner and breeder of the horse.

Two vitally important Government consultations on the future funding of British Racing were launched in 2014:

1. Extending the Horserace Betting Levy to offshore remote operators – which costs the industry **over £20 million** annually in lost Levy receipts; and
2. Comprehensive reform of the Levy or its replacement with a new system that provides Racing with the ability to authorise all betting activity on the sport.

- (a) Financial year April 1st to March 31st Levy Period
- (b) From 2010-2011 onwards, Levy from the tote is not shown separately in the Levy Board accounts
- (c) Net Interest

## TOTE PROCEEDS

In June 2011, the Horserace Totalisator Board, known commonly as the Tote, was sold by Government to Betfred. The Government committed that 50% of the net proceeds from the sale would be distributed to Racing – the final element of which was received in May 2014. In total, the Racing industry received £81,680,792 of net proceeds from the sale, which were allocated to two entities to create a meaningful long-term legacy for the industry.

## ABOUT GREAT BRITISH RACING

Great British Racing is the sport's central marketing and promotional body whose role is to broaden the appeal and raise the profile of British Racing. They aim to grow the number of people who engage with horseracing whilst helping to protect and increase the sport's commercial revenues. Some of their most notable successes this year include:

### EDUCATION

The **Kids Love The Races** roadshow toured racecourses this summer and taught **hundreds of children** about horseracing. Additionally, 1,200 students attended the first ever National Student Raceday and key youth outlets, such as BBC Radio 1 covered the sport for the first time.

### COVERAGE

**Ownership** was promoted through the leasing of horses to prominent media outlets such as **Sky Sports News** and the **Daily Mail**.

### SOCIAL MEDIA

Social media engagement has grown significantly, with **80,000** Facebook fans, **20,000** Twitter followers and **one million minutes** spent watching the Lovetheraces and British Champions Series Youtube channels since the beginning of 2013.

### QIPCO BRITISH CHAMPIONS SERIES

GBR manages publicity for the Series which culminates at Ascot's QIPCO British Champions Day – the richest race day in Britain and now the world's highest rated race day, on official ratings. More than 650,000 people attended BCS days in 2013 and the Series publicity was valued independently at over £20 million to the sport.

## GREAT BRITISH RACING INTERNATIONAL

Great British Racing International (GBRI) was established by BHA, HBLB, and Racing Enterprises Limited to maintain and grow the economic activity by foreign consumers in the British racing and breeding industries. Some of GBRI's achievements to date include:

### INVESTMENT

GBRI is committed to growing international investment in British Racing in all forms. Successes that GBRI has contributed to in 2014 include the inaugural Goffs London Sale on the eve of Royal Ascot and the first ever China-Britain Equine Export Protocol.

### MARKETING & PR

GBRI has implemented a global marketing and PR strategy to promote Britain as a centre of excellence for horseracing and breeding and grow global coverage of the sport. GBRI's campaigns have included Team British Racing and the 'Destination Europe' advertising alliance.

### OWNERSHIP

In partnership with the RCA and all of Britain's racecourses, in 2014 GBRI created the GBRI International Members Club. By providing international owners with horses-in-training in Britain with the best possible ownership experience, the Members Club aims to grow ownership in Britain. It currently includes owners with a combined string of over 500 horses-in-training in Britain.

## RACING EXCELLENCE

**Racing Excellence is the industry accreditation for all Apprentice and Conditional training race series run under the Hands and Heels or Training Race conditions and are supported by a qualified Jockey Coach.**

These valuable series provide vital support for young jockeys and amateur riders in developing and honing in on skills required to be a professional jockey.

The Jockey Coaching Programme is designed to further improve the skills of young jockeys and to develop them as all-round sports people. It is managed by the British Racing School on behalf of the BHA. The programme provides coaching and mentoring for 123 apprentice and conditional jockeys under the guidance of 19 qualified coaches across England, Scotland and Wales.

Under the optional scheme, jockeys are assigned a coach on completion of their Apprentice or Conditional Licence Course at either the British Racing School or Northern Racing College. The coach then provides advice and assistance to the apprentice or conditional, including practical help with regard to race riding and tactics, theory, fitness and all aspects of building a career as a professional jockey.

There are seven series in total, five Flat series (Apprentice Training Race Series, Hands and Heels Apprentice Series, Hands and Heels All Weather Series, Salisbury Apprentice Race Series and Haydock Park Apprentice Race Series) and two Jump series (Conditional Training Race Series and Hands and Heels Jump Series).

## CAREERS IN RACING

### WELFARE

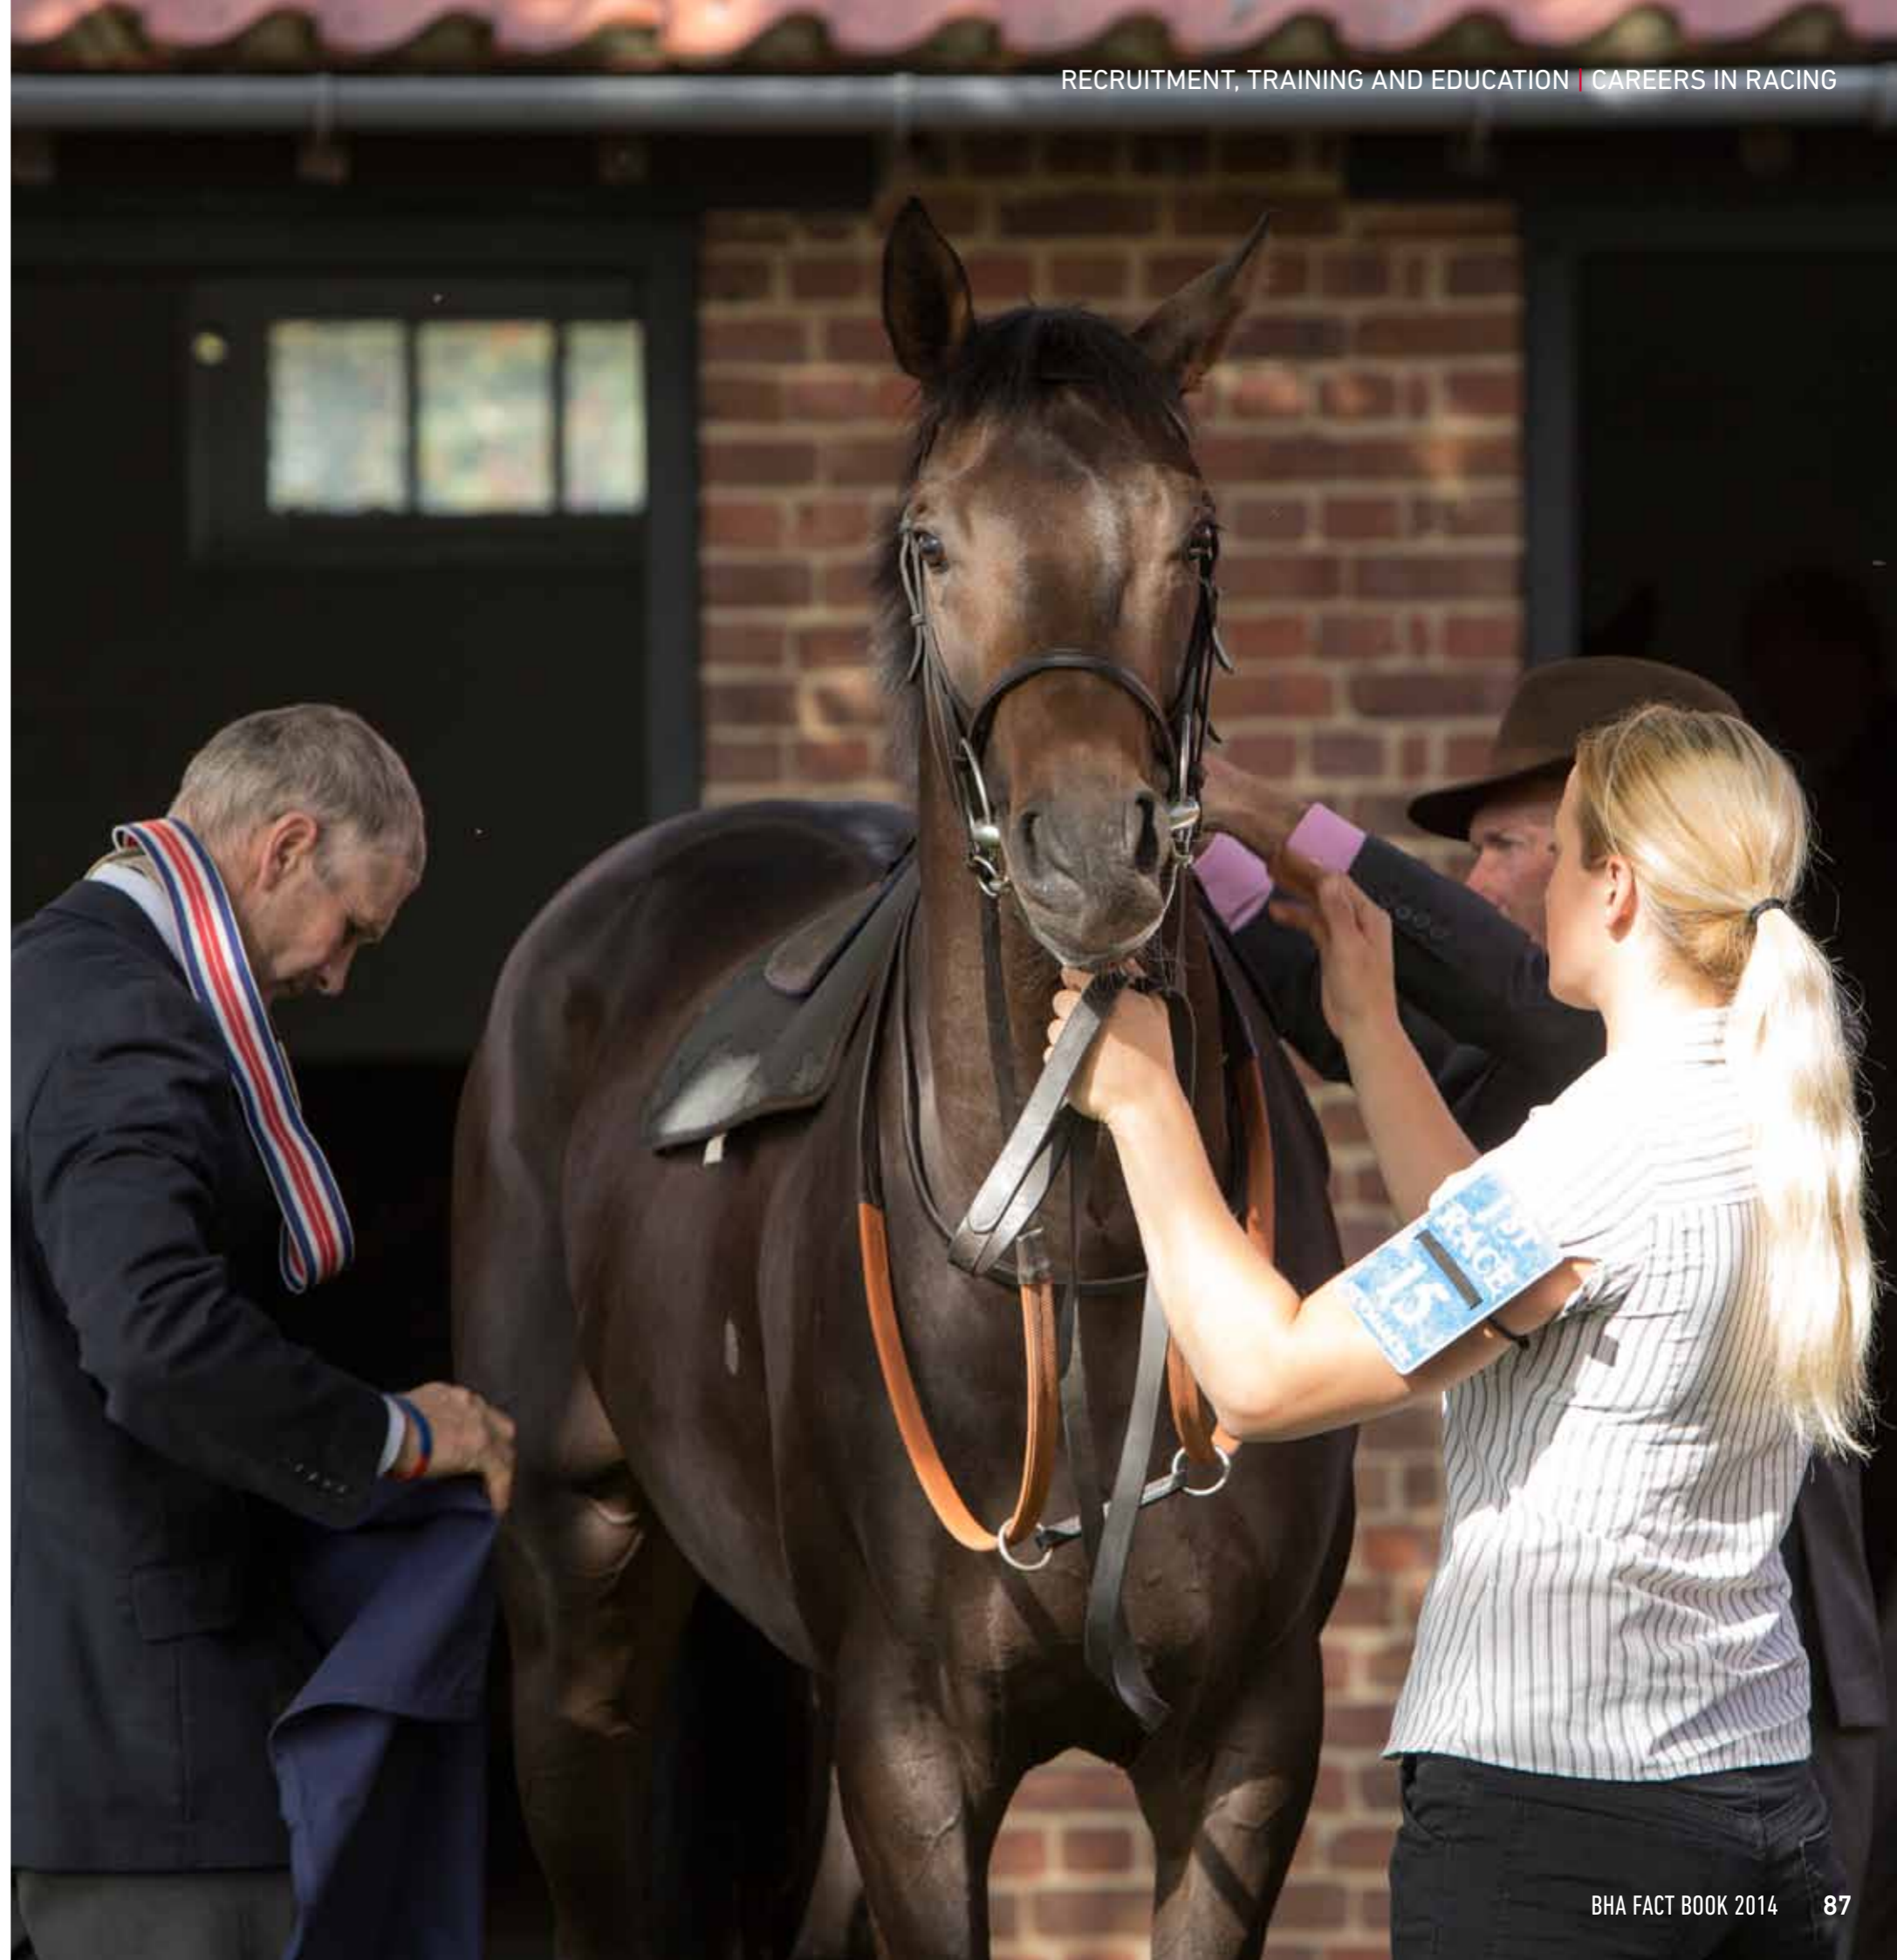

**British Racing provides in excess of 1,000 supported training opportunities for its workforce including stud and stable staff, jockeys, managers, groundstaff, officials and trainers.**

The framework of delivery is underpinned by three key industry training providers: British Racing School, Newmarket; Northern Racing College, Doncaster; and The National Stud, Newmarket. The framework aims to better prepare individuals for a safe and sustainable career in the industry. Careers advice and information is provided through a Careersinracing brand and job board.

### GRADUATE DEVELOPMENT PROGRAMME

**The British Horseracing Graduate Development Programme has been running for 24 years and celebrates its 25th running in 2015.**

It provides an invaluable source of talent into the sport and the supporting industry. Around 430 graduates have completed the Programme and many are now key figures in racing in management positions in racecourses, bookmakers, the trade press, trainers' yards, studs and at the BHA. The Programme is intended for degree students in their final year of University or those who have recently graduated and aspire to work in racing.

## **COMMUNITY OUTREACH**

**British Racing has been undertaking a scoping exercise so as to better understand the enormous breadth of activity the industry undertakes in the communities in which it operates, from educational outreach work to charitable giving, and will be publishing a report on this later in 2014.**

### **RACING TOGETHER**

Racing Together works to encourage and highlight the important role Racing plays within the communities in which it operates, focusing on the difference it makes to education, society and communities across the country.

Our approach to community engagement is captured within the Racing Together values and the four pillars of Racing Together activity are:

- **Racing** - Looking after the people and horses who are British Racing.
- **Education Outreach** - Enhancing and improving education, and developing potential talent for Racing within schools and our racing communities.
- **Helping Others** - Helping those who need our help most.
- **Local life** - Bringing together the communities in which we operate.

### **KEY STATS**

- Through Racing Together, British Racing invests £6.6 million each year in community engagement activities.
- British racing donates nearly 6,000 hours or 160 weeks a year to charitable activity, charity events and/or race-days are held at over 80% of our racecourses to raise funds for charitable causes.
- Through the Racing To School programme British racing helps over 10,000 school children each year, at 250 events, improve their learning by using the Racing environment to teach them elements of the national curriculum. Racing invests £316,000 per annum in Racing To School, of which 40% comes from fundraising and 60% via HBLB.

### **PRINCE'S TRUST**

BHA has worked with the Prince's Trust since 2008 to host Racing Experience Days, providing young people with a special day out and a unique, behind the scenes insight into the racing industry and what goes into putting on a raceday. Since 2008, hundreds of young people from across the country have taken part in this initiative. In 2013, there were eight Racing Experience Days with 12 young people taking part at each day.
