HANDICAP RATING FOR QUALIFICATION**

Before making entries for Handicaps and other Rating Related races, reference must be made to the qualifying Rating Lists published on the Official Handicap Ratings area of the British Horseracing Authority Racing Administration Service Internet site each Tuesday. These ratings will apply for qualification purposes for races closing on the Tuesday of publication through to the following Monday. Amendments to these qualifying ratings will also be published, for information, on the Racing Bulletin area of the Racing Administration Internet site.

HANDICAPS WITH SPLIT ENTRY STAKE FEES

For those Handicap races which have a split entry stake fee dependent on the Handicap rating of the horse, i.e.

- £xx stake if the horse is rated aa or higher, or
- £yy stake if the horse is rated bb or lower with
- £zz extra if the horse is declared to run

The relevant stake fee shall be determined by the Handicap rating used to calculate the weight for each horse entered in the race in question, and not by the published qualifying rating, if any.

The conditions of races appearing in this book are subject to alteration before closing. The final conditions will appear in the relevant Racing Calendar in advance of the closing date.

The total prize funds of races contained in this publication are provisional, due to 2014 HBLB funding and minimum values not yet being defined at the time of going to print.

INTRODUCTION

There was plenty riding on the 2012/13 Jump season. The Grand National was under scrutiny to a degree not experienced before, while the highest rated Chasers at 3 miles (Kauto Star) and 2½ (Master Minded) had both retired. In addition, with the core season still in its relative infancy, the champion staying hurdler, Big Buck's, was ruled out through injury, only furthering an air of uncertainty.

In the event, the previous season's novices picked up the baton admirably, particularly at the Cheltenham Festival, with Bobs Worth claiming the Gold Cup, Cue Card landing the Ryanair Chase and Sprinter Sacre sauntering to what many predict could be the first of a sequence of Champion Chase victories.

Over hurdles it was a slightly different story. Despite Big Buck's absence and a bumper entry for the World Hurdle, it was a familiar name that emerged from the pack as Solwhit, at the age of nine, reinvented himself as a top class staying hurdler, winning both Grade 1s at Cheltenham and Aintree. At the minimum distance Hurricane Fly regained his Champion Hurdle crown, which history suggests is not an easy thing to do, dethroning his conqueror from the previous year, Rock On Ruby, in the process.

One of the success stories of the season has to be the Grand National. Its value to the industry borders on unquantifiable, yet after two soul-searching renewals and an accompanied media storm, the race was under extreme pressure. What followed was a dream result for all who care about Jump racing; a winner for the North, trained by a female trainer in Sue Smith, aided by her instantly recognisable assistant, husband Harvey, a media-friendly young winning jockey in Ryan Mania and no less than 40 horses sailing over Becher's first time round. The best result of all, of course, was that each and every one of those 40 horses came home safely. It was a triumphant renewal and for the next few days Ryan represented our sport superbly as his round of interviews in print, on screen and over the airwaves gathered momentum. It was a far cry from the fallout of previous years and one hopes that all the efforts made by those involved in staging the race, and those competing in it, will bear fruit for seasons to come.

After reducing the distance to 4m 3½f last season, there will be no further alterations to the Grand National race conditions for 2014, but you will find plenty of other changes within the 2013/14 Jump Pattern and Listed Race book.

Firstly, there are three new Grade 1 Steeple Chases this season. The Golden Miller Novices' Chase (2½m) at the Festival, having passed its three year examination with flying colours is, in company with the similarly upgraded Mildmay Chase at Aintree, one of two new Grade 1 Novices' Chases for 2013/14. The third Grade 1 upgrade comes on the last day of the season, at Sandown Park, as the 2m Celebration Chase, also a Grade 2 previously, looks to end the season with a bang.

Also moving up from Grade 2 to Grade 1 is the Mersey Novices' Hurdle (2½m) at the Grand National Festival, a further sign of its increasing strength and a reminder that this is certainly not a one-race meeting.

The other Grade 2 opportunities remain unchanged for this term but there are a clutch of well-known Handicaps that have been rewarded with Grade 3 status. The Becher Chase, the Ladbroke Hurdle, the Imperial Cup and the 2½m Handicap Hurdle at Aintree in April have all been promoted to Grade 3 from Listed.

Newly promoted to Listed status for 2013/14 are the Colin Parker Memorial (Intermediate Chase, 2½m) which becomes the first Pattern or Listed race at Carlisle while the Shloer Chase (2m at Cheltenham's Open Meeting), should give the best two

mile chasers a chance to run before the Tingle Creek. However, some will no doubt save their loudest cheers for the Listed status awarded to the National Hunt Chase at the Festival. Not many races, let alone Novices' Steeple Chases, have had entire books devoted to them but this race, once the cornerstone of the Festival, has been returned to former glories in recent years with increasing quality alongside its traditional quantity. The National Hunt Chase becomes the first race restricted to Amateur Riders to be granted Pattern or Listed status in Britain.

Finally, there are two Hurdle races enjoying newly-found Listed status this season. The first has seen many a decent horse compete in it down the years, namely the 2m Conditions Hurdle at Kempton's first Jump meeting of the year in October, while a more recent addition to the programme is the Scottish Triumph Hurdle Trial at Musselburgh's 'Trials Day' fixture in early February. The latter becomes a first Pattern or Listed race for the go-ahead management team at the Scottish venue and, if recent investment backed up by healthy ambition is anything to go by, it won't be the last.

Finally, it has been a pleasure to report the continued investment shown by racecourses since 2007, in response to the BHA's initiatives to promote Jump opportunities for mares. As part of the ongoing efforts in this area, two new Listed Mares' Bumpers are in place at Cheltenham (November) and Huntingdon (December), while last season's replacement Hurdle staged at Warwick on Kingmaker Day in February, necessitated by earlier abandonments within the Mares' Pattern and Listed Hurdle programme, has found a permanent place in the calendar and starts life as a Listed race.

With continued support from Racing's stakeholders to build a fitting mares' programme, it surely follows that enjoying quality mares on the track will become more commonplace as connections mine deeper into that particular talent pool; and what a benefit to the sport that will be. Last season's Grand National will live long in the memory, but next April it will be 63 years since the Jack O'Donoghue-trained Nickel Coin, partnered by Johnny Bullock, became the latest mare to win the Grand National. Is it too much to wish for the fairer sex to win our greatest race again one day?

ANGLO-IRISH JUMP CLASSIFICATIONS 2012/2013

This is the fourteenth full Anglo-Irish Jump Classification. It classifies the best steeplechasers and hurdlers that were trained in either Britain or Ireland during the 2012/2013 season. It is not a handicap but a retrospective measurement of best sustainable performances during the recent season.

The classifications are for all chasers and hurdlers down to a rating of 140. The steeplechasers are divided into distance categories of 2 miles, 2.5 miles and 3 miles plus and are included in the list in which the handicappers believe they have put up their best performance. Champions may be included twice if they have put up their best performance in a different category.

The hurdle categories are similar except that they are divided into two distances of 2 miles and 2.5 miles plus.

There is a separate classification identifying Novices rated above 140. Juvenile Hurdlers are included in the Novice section.

Horses trained in Ireland have * appended after their name and horses trained in France have ** appended. Mares are in italics.

The ratings were agreed and compiled by:

Phillip Smith	Great Britain
Noel O'Brien	Ireland
David Dickinson	Great Britain
Martin Greenwood	Great Britain
John de Moraville	Great Britain
Andrew Shaw	Ireland
Mark Olley	Great Britain
Chris Nash	Great Britain

GROUND RULES FOR THE JUMP PATTERN

1. INTRODUCTION

- a) The Jump Pattern will be administered by the Jump Racing Committee of the British Horseracing Authority. The Secretariat will be provided by the British Horseracing Authority's Racing Department.
- b) The Jump Racing Committee will aim to achieve a balance of Graded races within the Pattern, so that there are more Grade 2 races than Grade 1, and that the total number of Grade 2 races should exceed the combined number of Grade 1 and 3 races.
- c) All Jump races within Great Britain will be eligible to apply for Pattern status provided they comply with the criteria set out below.

2. GENERAL RULES FOR RACES IN THE JUMP PATTERN

Every Jump Pattern and Listed race must conform to the following rules:

- a) It should have no indigenous conditions.
- b) Grade 1 and 2 races must have a permanent element in the title, to which a prefix or suffix may be added.
- c) It must justify its grading by the quality of its runners, assessed primarily by the ratings of the best four horses, over a rolling three-year period.
- d) The parameters below are the standard that a race should achieve to justify Pattern or Listed status.

Pattern Races

Grade	Hurdles	Chases	NHF races	Mares' races
Grade 1	155	155		n/a
Grade 1 (Novice)	135	135	130	n/a

Listed (Novice)	120	120	115	113	113	108

A Pattern or Listed Race rating is the average of the annual ratings achieved by a race over a three-year period. The annual rating is the average of the end of season handicap ratings of the four highest rated horses in the race. If a race attracts less than four runners, then a rating of 100 will be inserted to make up the fourth (and where necessary third) rating. Any horse which appears in the four highest rated runners in a race that has a rating below 100 will have that rating inflated to 100. This is to avoid penalising a race for attracting horses that, in their absence, would have resulted in a

higher race rating. Where a race has been abandoned after declaration stage, the annual rating is calculated by taking an average of the four highest rated declarations. Should the race have been abandoned before declaration stage, no annual rating will be generated. In addition, the actual weight allowance received by any fillies and mares running in an open competition Jump Pattern or Listed race will be added to their official ratings for the sole purpose of calculating a Pattern or Listed Race rating. The parameters of Mares' races are set at seven pounds lower than open competition Jump Pattern and Listed races because Mares in open competition receive a seven pound allowance which needs to be accounted for to compare races on a level basis.

- e) Grade 1 races must be run with no penalties or allowances other than a sex allowance. Grade 2 races must be weight-for-age races or limited handicaps. Grade 3 races must be open handicaps with no rating band restriction.

(Note: A Pattern race below Grade 1 which is open only to first and second season horses may have a restriction of rating placed within the race conditions, by permission of the Committee).

3. CHANGES TO THE JUMP PATTERN

Any changes to races within the Jump Pattern must be agreed by the Jump Racing Committee and subsequently approved by the Board of the British Horseracing Authority. All proposed changes for the forthcoming season must be submitted to the Racing Department by the end of May. No applications will be considered after this date, unless otherwise directed by the Board in exceptional circumstances. For the purposes of the Ground Rules, changes are defined as:

- a) Any change of a Grade of a Pattern race.
- b) Any change to the conditions or date of a Pattern race.
- c) Any change to the permanent element in the name of a Pattern race.
- d) A change of more than 50% in the total value of a Grade 2 or 3 Pattern race.
- e) The introduction of a new Pattern race.
- f) The deletion of an existing Pattern race.

4. RULES GOVERNING JUMP PATTERN AND LISTED RACE CHANGES

- (a) The following rules shall apply to the upgrading of races by Grade and admission of new races to the Pattern, and shall be waived only in exceptional circumstances.
 - (i) To qualify for upgrading or admission to the Pattern, a race must have been run with similar conditions and comparable prize money, and on approximately the same date, for the last three years at least.
 - (ii) Promotion or admission of a race must be justified by the quality of the runners, assessed by the ratings of the best four horses, in the last three years at least. The criteria shall be the standard ratings for Pattern Grades set out in paragraph 2(d).
 - (iii) No race shall be eligible for promotion to Grade 1 or 2 if this would involve a clash liable to have adverse effects on an existing Grade 1 or 2 race.

- (iv) A new race satisfying the requirements for admission to the Pattern must be introduced as a Grade 2 race (if a weight-for-age event or limited handicap) or a Grade 3 race (if an open handicap).
- (b) The following rules shall apply to the downgrading/deletion of Pattern and Listed races:-
 - (i) At the Jump Racing Committee's end of season meeting, any race will be subject to downgrading/deletion if its Pattern or Listed Race rating (three-year average of the annual ratings) is below the required parameter.
 - (ii) If the Committee decides that a race should be downgraded or deleted, the relevant racecourse will be notified and offered one further running of the race in an attempt to rectify its failings. However, the Committee must be satisfied that the racecourse in question can devise effective measures to encourage runners of the required quality.
 - (iii) If the Committee decides not to downgrade or delete Pattern or Listed status from a race which has achieved a Race rating below the required parameter, the racecourse concerned will be notified in writing of the race's under-performance and of the Committee's concern. The Committee will expect the racecourse to take measures that will attempt to boost the rating of the race.
- (c) In assessing upgrades, admissions, downgrades or deletions of races, the Jump Racing Committee will not take decisions based solely on ratings criteria. Other factors may additionally be taken into account, including:-
 - The average field size attracted by the race.
 - The effect on the shape of the British Jump Pattern as a whole, especially geographical considerations.
