HANDICAPS AND OTHER RATING RELATED RACES
HANDICAP RATING FOR QUALIFICATION

Before making entries for Handicaps and other Rating Related races, reference must be made to the qualifying Rating Lists published on the Official Handicap Ratings area of the British Horseracing Authority Racing Administration Service Internet site each Tuesday. These ratings will apply for qualification purposes for races closing on the Tuesday of publication through to the following Monday. Amendments to these qualifying ratings will also be published, for information, on the Racing Bulletin area of the Racing Administration Internet site.

HANDICAPS WITH SPLIT ENTRY STAKE FEES

For those Handicap races which have a split entry stake fee dependent on the Handicap rating of the horse, i.e.

- £xx stake if the horse is rated aa or higher, or
- £yy stake if the horse is rated bb or lower with
- £zz extra if the horse is declared to run

The relevant stake fee shall be determined by the Handicap rating used to calculate the weight for each horse entered in the race in question, and not by the published qualifying rating, if any.

The conditions of races appearing in this book are subject to alteration before closing. The final conditions will appear in the relevant Racing Calendar in advance of the closing date.

INTRODUCTION

In 2015 we witnessed the exploits of one great horse and one very good one. In contrast to 2014 and the trends of earlier years, both of them were three year olds. American Pharoah was rated 134 in the Longines World's Best Racehorse Rankings, which is a rare figure, particularly for an American trained horse (one has to go back to Cigar in 1996, as an older horse, to find a higher figure); a Triple Crown winner who kept his form to dominate his elders in the Breeders' Cup Classic is special: only 21b behind Frankel as a three year old.

On this side of the Atlantic, Golden Horn dominated the European season, earning a rating of 130 at Longchamp, but was sadly unable to maintain his mile and a half superiority at the Breeders' Cup.

They have both been retired, as were the two top-rated three year olds last year which, while commercially understandable, is a disappointment for those who would like to see the best of the generations in competition, to re-inforce (or puncture) their superiority. I suppose that the risk of the latter is the problem.

Last year we found the global champions among the older horses, in the Far East; this year among three year olds, in the west; a contrast which must be good for international racing; no nation and no age group is dominant.

For the first time, Longines have presented a second award, for the "best" race. This was not based on merely one year's ratings, but on the three year average race rating of the first four finishers in each renewal, just as the parameters are assessed for European Pattern and Listed races, and are indeed now (with modest variations) throughout the world. Thus a uniquely brilliant running will not by itself gain the prize; nor will a poor renewal rule it out (though it would not help!). On this basis, the winner in 2015 (thus incorporating the runnings in 2013 and 2014) was the Prix de l'Arc de Triomphe. In 2014 it would have been the International at York, and before that the Champion Stakes at Ascot. However, the Breeders' Cup Classic is lurking in the wings with a couple of good years to carry forward. Nonetheless, European and indeed British racing continue to set the standard, with 10 of world's top 20 races (assessed as above) taking place in Europe in 2015, and 7 of those in Britain. Moving closer to home, the stricter ground rules of the European Pattern Committee continue to visit the weaker black type races in all categories. In Britain however our programme has on this occasion survived unscathed. Many races were warned that another poor year must result in downgrading, but only two failed to match the standard: the Doncaster Cup and the Bahrain Trophy. Both were subject to possible downgrading by majority vote, rather than automatically, but the status of these two races has been maintained, at least for now. Beyond our shores, however, movement has been in the other direction, the result being a net reduction in the number of European black type races by five, in many cases voluntarily.

There have been concerns in recent years that the European programme of Pattern and Listed races has gradually been allowed to inflate, with the risk of eventually making it a little too easy to obtain black type and a little too simple for the better horses to find easy pickings, rather than being tested together (which is what the Pattern is really for). Notwithstanding that net overall reduction however, there have been two new Listed races for fillies and mares introduced in Britain to fill excessive gaps in the programme, over 10 furlongs at Bath in May and 14 furlongs at Ayr in October; and the Aston Park (12 furlongs, Newbury, May) and the City of York (7 furlongs, August) have both been promoted to Group 3.

The EPC has recognised the threat of a gradual decline in the perceived value of the staying horse, in bringing vitality and variety to the racing programme and breeders' choices, and has embarked upon a focussed study of needs and opportunities (akin to the recently implemented review of opportunities for sprinters). In Britain, we have embarked upon a similar study of the fillies' programme, one of the consequences of which is the introduction of the two new Listed races mentioned above.

There have been no further major changes in the two year old programme, after the upheavals of the last few years, and all the Group 1s and the Group 2s affected have performed satisfactorily in their (in some cases new) slots.

Minimum values for British Pattern and Listed races remain unchanged for 2016, as follows:

Group 1	(3yo+)	£200,000	(2yo)	£150,000
Group 2	(3yo+)	£90,000	(2yo)	£65,000
Group 3	(3yo+)	£60,000	(2yo)	£40,000
Listed	(3yo+)	£37,000	(2yo)	£25,500

However it is encouraging to see that racecourses still wish to compete for a new Pattern race when opportunity arises, and that competition frequently helps to push prize funds well above the minimum.

SCALE OF WEIGHT FOR AGE FOR FLAT RACES - (NORTHERN HEMISPHERE BRED)

NOTE: Attention is drawn to the provisions of Rule (F)29.2

The scale of weight for age is published by authority of the British Horseracing Authority as a guide to Clerks of Courses in the framing of races. It is founded on the scale published by Admiral Rous and revised by him in 1873. It has been modified in accordance with suggestions from the principal trainers and practical authorities; it has been further revised since and is republished in its present form.

Expressed as the number of 1 lbs that it is deemed the average horse in each age group falls short of maturity at different dates and distances.

EUROPEAN PATTERN COMMITTEE

AIMS

1. The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries.
2. The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

MEMBERSHIP AND ADMINISTRATION

1. The Committee includes five member countries: Britain, France, Germany, Ireland, and Italy, represented by their respective racing authorities: the British Horseracing Authority, France Galop, the Direktorium für Vollblutzucht und Rennen, Horse Racing Ireland (HRI), and the Ministero delle Politiche Agricole Alimentari E Forestali. Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual World's Best Racehorse Rankings (WBRR) produced by the WBRR Committee of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WBRR Committee including a co-Chairman.

GROUND RULES

1. GENERAL RULES FOR EUROPEAN PATTERN AND LISTED RACES

Every European Pattern and Listed race must conform to the following rules:

- 1.1 It must have no indigenous conditions.
- 1.2 It must have a permanent element within the race title, to which a prefix or suffix may be added.
- 1.3 It must justify its Group or Listed status by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period. The Yearly Race Rating is the average of the official ratings, as agreed by the WBRR Committee, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings. If a race is abandoned during any three-year period, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

The Average Race Ratings below are the standard which a race should achieve to justify Pattern or Listed status:

Group 1	Group 2	Group 3	Listed
115	110	105	100

For certain races, however, other parameters will apply as follows:

3-y-o's and/or older fillies' and mares' races

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o races (other than fillies' events)

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o fillies' races

Group 1	Group 2	Group 3	Listed
105	100	95	90

- 1.5 Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- 1.6 Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.
- 1.7 Group and Listed races cannot be restricted to maiden horses, or horses that have been sold or bought in at a specified public sale(s).
- 1.8 No Group or Listed race should be permitted to divide into two or more divisions.
- 1.9 Total prize money, as advertised, must be paid out no later than 90 days after the date of the race.

2. DEFINITION OF CHANGES TO THE EUROPEAN PATTERN

For the purposes of the Ground Rules, changes are defined as:-

- 2.1 Any change to the Group of a Pattern race.
- 2.2 Any change to the distance, age or sex restriction, date, venue or surface of a Pattern race.
- 2.3 Any change to the permanent element in the name of a Pattern race.
- 2.4 Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
- 2.5 The introduction of a new Pattern or Listed race.
- 2.6 The deletion of an existing Pattern or Listed race.

3. RULES GOVERNING EUROPEAN PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of Existing Pattern and Listed Races and the Creation of New Pattern and Listed Races

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances and with the unanimous agreement of the Committee.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

- 3.1.1 To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on a similar date for at least the last three years. (Note: a change in venue and/or surface is acceptable).
- 3.1.2 An application for upgrading or admission of a race which has been abandoned once within the last three years may be submitted only if both of the last two Yearly Race Ratings meet the required parameter.
- 3.1.3 Upgrading of Existing Pattern Races
 - 3.1.3.1 An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
 - 3.1.3.2 A race shall be eligible for promotion to Group 1 or Group 2 if the race in question achieves both an Average Race Rating and a Yearly Race Rating for the last year, in excess of the applicable parameter.
 - 3.1.3.3 No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
 - 3.1.3.4 The upgrading of any race already in the Pattern must be approved unanimously by the Committee. (N.B. If a member country chooses to exercise its veto it must do so only on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.)
 - 3.1.3.5 The number of races to be upgraded within the Pattern in any member country will be limited to a maximum of three upgrades in any one year.
- 3.1.4 Upgrading of Listed Races into the Pattern
 - 3.1.4.1 A Listed race satisfying the requirements for admission into the Pattern can only be introduced as a Group 3 race.
 - 3.1.4.2 A race shall be eligible for promotion to Group 3 if the race in question achieves both an Average Racing Rating and a Yearly Race Rating for the last year which is at least 2lb (in both respects) in excess of the applicable parameter.
 - 3.1.4.3 The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.
 - 3.1.4.4 Any country with a race (or races) being deleted from the Pattern may introduce an equivalent number of new Pattern races in the year of the deletion provided in each case that the race fulfils the necessary requirements as above.
 - 3.1.4.5 Further, but subject to paragraph 3.1.4.6, any member country may introduce one additional race into the Pattern in any one year (but no more than one, other than in an exceptional case approved unanimously by the Committee) provided that the race fulfils the necessary requirements as above.

- 3.1.4.6 Paragraph 3.1.4.5 will not apply to any country where a race is due to be deleted from the Pattern automatically in that year or to any country which (at the conclusion of the Committee's Annual Meeting) retains any Group 3 races with an Average Race Rating which is more than 2lb below the required parameter. In either of those circumstances that country will not be permitted to increase its number of Pattern races that year.
- 3.1.4.7 Applications for new races to become Pattern races from associate members, or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Pattern race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5 New Listed Races
- 3.1.5.1 Subject to paragraph 3.1.5.2, any member country may introduce up to two additional Listed races in any one year (but no more than two, other than in an exceptional case approved unanimously by the Committee).
- 3.1.5.2 Paragraph 3.1.5.1 will not apply to any country where any Listed race is due to be deleted automatically in that year. In those circumstances that country will not be permitted to create any new Listed races in that year other than under the circumstances outlined in paragraph 3.1.5.3.
- 3.1.5.3 Any country voluntarily deleting a Listed race (or races) may introduce an equivalent number of new Listed races in the year of the deletion.
- 3.1.5.4 Subject to the above, the creation of new Listed races by a member country does not require the approval of the Committee.
- 3.1.5.5 Applications for new races to become Listed races from associate members or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.6 Notwithstanding the foregoing, there shall be no limit to the maximum number of new Listed races which may be created by a country wishing to become an associate member (after approval by a majority of the Committee) during their year of admission only, provided that each such race achieves the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.7 Any new Listed race which has been approved to take place in a country which is not an associate member will only be reviewed for potential upgrade or downgrade once the race has been run for a minimum of three years.

3.2 Downgrading or Deleting Pattern or Listed Races

The following rules shall apply to the downgrading/deletion of Pattern or Listed races

3.2.1 Group 1 Races and Classic Races for 3 Years Old Only

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded.

3.2.2 Group 2 Races (Excluding those Classic Races for 3 Years Old Only)

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded. If it is not downgraded, then the Yearly Race Rating will need to meet the required parameter in the following year or the race will be downgraded automatically.

3.2.3 Group 3 Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

3.2.4 Listed Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years it will be downgraded automatically.

- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
 - If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.
- 3.2.5 The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern or Listed race by the country concerned. However, no country will have any right of veto in such circumstances.
- 3.3 In assessing upgrades, admissions, downgrades (except in the case of automatic downgrades) or deletions of races to or from the Pattern, the Committee may additionally take account of:**
- 3.3.1 The ratings of the four highest rated horses in any race as well as the first four to finish.
- 3.3.2 The effect on the shape of the Pattern in the country concerned and/or the effect on the shape of the entire European Pattern.
- 3.4 The following rules shall apply to any other amendments defined as changes to Pattern races:**
- 3.4.1 Any change to the distance, age or sex restriction or date of a Pattern race must be approved unanimously by the Committee.
- 3.4.2 Any change of surface or venue, any change to the permanent element in the name of a Pattern race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.
- 3.4.3 A member country should only exercise its veto on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.

4. WEIGHT-FOR-AGE AND SEX ALLOWANCES

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member and associate member countries.

5. NOTIFICATION & IMPLEMENTATION OF CHANGES

- 5.1 All Pattern and Listed race proposals for the following year must be notified to the Secretariat by 1 December for immediate circulation to all member and associate member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.
- 5.2 Proformas for upgrades into the Pattern or promotions within the Pattern must be completed in full and returned to the Secretariat at least one week in advance of the Annual Meeting. The Committee may reject any Pattern race proformas returned with incomplete information.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.
