**HANDICAP RATING FOR QUALIFICATION**

Before making entries for Handicaps and other Rating Related races, reference must be made to the qualifying Rating Lists published on the Official Handicap Ratings area of the British Horseracing Authority Racing Administration Service Internet site each Tuesday. These ratings will apply for qualification purposes for races closing on the Tuesday of publication through to the following Monday. Amendments to these qualifying ratings will also be published, for information, on the Racing Bulletin area of the Racing Administration Internet site.

**HANDICAPS WITH SPLIT ENTRY STAKE FEES**

For those Handicap races which have a split entry stake fee dependent on the Handicap rating of the horse, i.e.

- £xx stake if the horse is rated aa or higher, or
- £yy stake if the horse is rated bb or lower with
- £zz extra if the horse is declared to run

The relevant stake fee shall be determined by the Handicap rating used to calculate the weight for each horse entered in the race in question, and not by the published qualifying rating, if any.

**The conditions of races appearing in this book are subject to alteration before closing. The final conditions will appear in the relevant Racing Calendar in advance of the closing date.**

# INTRODUCTION

The decisions of the European Pattern Committee for 2014 have caused some controversy, so I thought readers might find it useful to have a reminder of how the Pattern system came into being and how it works.

"The Turf Authorities must ensure that a series of races, over the right distances, and at the right time of the year, are available to test the best horses of all ages".

That was the principle established by the first Pattern Racing Committee, appointed in 1965 to make recommendations on the programme of races for top class horses. It was the work of that Committee which first led to a Pattern Race programme, for Britain alone. France and Ireland came on board soon afterwards, to be joined later by Germany and Italy, to create a European-wide Pattern. This was intended to be, and still is, a "pattern", in the sense that there are enough races for top horses to compete in, but not so many that they can go off hunting easy opportunities and avoid each other. The top horses and international competition between them are the lifeblood of the sport; the horses that everyone wants to see, racing against each other. Look at the support for Frankel!

To bring some structure to the Pattern the Groupings of races, 1, 2 and 3, were invented: Group 1 for championship races, Group 2 the next rung down, (nonetheless important in an international context) and Group 3 to complete the series of tests for the best horses, races principally of domestic importance.

Who would say however whether a race was important enough to be called Group 1, or to be in the Pattern at all? The answer was the formation of the European Pattern Committee (EPC), charged with the task of monitoring the quality of races which any of the European racing authorities wanted to introduce or retain in the Pattern, and to prevent mutually damaging clashes, which could only water down the competitiveness of the races concerned and (eventually) lead them on a downward spiral.

This is where the ambitions of breeders and bloodstock sales companies came into the picture. They recognised that Pattern races were acknowledged as the best races and they wanted to identify in their sales catalogues the horses which had performed well in the best races. Thus they introduced bold black type, for horses which had been placed in the first three in a Pattern race. However, they felt that the modest number of races in the Pattern did not go far enough to spread this badge of quality sufficiently widely, so another tier of races was introduced, called Listed races, success in which would also lead to black type in the sales catalogues.

While the quality of European Pattern races was regulated by the EPC, the creation of Listed races was very much in the hands of the nations concerned. It is no surprise that this latitude led to some fairly modest contests appearing in the List, so latterly the quality of Listed races too has come under the scrutiny of the European Pattern Committee.

The EPC needed to establish objective criteria to measure whether a particular race was good enough to justify its winner and placed horses receiving the accolade of black type so, by negotiation and periodic adjustment, the "Ground Rules" of the EPC were developed (and the current version appears towards the end of this book). Until recently the effect was that it became easier to promote a race into the Pattern (or within the Pattern) than to demote it or to remove it altogether. Accordingly the numbers of Pattern and Listed races kept increasing, so that the very essence of the Pattern (to channel the best horses to race against one another) was being diluted. Hence the impetus over the last few years has been to tighten up those Ground Rules so that a race which remains in the Pattern, at a certain grade, has demonstrated in recent years that it really deserves to be there and that the horses competing in it really deserve the compliment which it bestows.

But how to judge which are the best races? The answer has been to see whether some of the best horses around have habitually filled the first four places in those races. But who is to say

which are the best horses? The solution to that lies with the International Classification (as it was called), now the World's Best Racehorses Rankings. But who decides that? Well, it is an annual conference comprising some twenty handicappers, from all the major racing nations in the world, who argue over the merits of individual races and individual horses, to come up with a worldwide merit table.

So how do you then judge the best races? Look at the first four horses home, and see where they feature in the Rankings; add their ratings together and divide by four to get an average. That is the annual race rating. See how that figure compares with the internationally agreed parameters for Pattern and Listed races: ratings of 115 for Group 1 down to 100 for Listed, with slightly lower requirements for two year olds and for fillies.

As any race can have a particularly good year or particularly bad year, and it is not reasonable to promote or demote on the basis of one renewal alone, the EPC looks to see whether the average of the last three annual race ratings measures up to the parameter. If that average is good enough to move up to the next rung then that race is a candidate for promotion. However, if a race consistently cannot match the parameter: if, effectively, the horses making the frame are consistently not of the quality one would want to see succeeding in that type of race, then that is not a race which should rank so high on the scale and (if it is a Listed race) it should not be conferring black type upon its participants. Maybe some of them will gain black type from another race, but not from that one. Any system of quality assessment must have quality control: dishing out prizes to everyone merely devalues the currency.

It is against that backdrop that two of Britain's Group 3 races have been demoted to Listed this year, the Dee Stakes at Chester and the Queen's Vase at Royal Ascot. It is the latter demotion which has provoked a fair degree of comment. In 2013, was not the race won by the St Leger winner? And in 2012 by the filly who went onto the win the Ascot Gold Cup the following year? Yes, of course (in retrospect, those wins might have been akin to penalty kicks). However, should the accolade of black type be given to the placed horses, trailing in the wake of the winner (which, it might be said had not at that stage anyway demonstrated the quality which later emerged)? Leading Light and Estimate got and thoroughly deserved their black type elsewhere, but the Queen's Vase, as a race, judged by the first four home, sadly was simply not up to it and had to go down a rung (still Listed of course and so black type will still be awarded).

The same of course applies to the Dee Stakes, notwithstanding that its winner went on to triumph in the Irish Guineas and at the Breeders' Cup. Excellent races both for those potential stars to compete in; not such good races to measure the quality of the contestants overall.

The Pattern is a pattern of good quality races. The system seems to be popular in that it has now been adopted by most countries where thoroughbred racing takes place. The Asian racing authorities have recently established a Pattern Committee along the same lines as the European version, and steps are being taken to bring South American racing into the fold on very similar terms.

The process is not all negative. While two British races have been downgraded in the process, two have been promoted: the Long Distance Cup on British Champions Day goes up from Group 3 to Group 2, and the Dick Poole, a two year old fillies' race at Salisbury in September which has punched well above its weight for many years, goes up from Listed to Group 3. For the record, just three races across Europe were upgraded for this year, and ten were downgraded.

The Pattern does its job; look at the quote at the start of this introduction. The International Cataloguing Standards Committee uses the Pattern to confer black type in their catalogues. Should that be done differently - or better? Maybe, but that is a different discussion.

## SCALE OF WEIGHT FOR AGE FOR FLAT RACES - (NORTHERN HEMISPHERE BRED)

NOTE: Attention is drawn to the provisions of Rule (F)29.2

The scale of weight for age is published by authority of the British Horseracing Authority as a guide to Clerks of Courses in the framing of races. It is founded on the scale published by Admiral Rous and revised by him in 1873. It has been modified in accordance with suggestions from the principal trainers and practical authorities; it has been further revised since and is republished in its present form.

Expressed as the number of 1 lbs that it is deemed the average horse in each age group falls short of maturity at different dates and distances.

# EUROPEAN PATTERN COMMITTEE

## AIMS

1. The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries.
2. The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

## MEMBERSHIP AND ADMINISTRATION

1. The Committee includes five member countries: Britain, France, Germany, Ireland, and Italy, represented by their respective racing authorities: the British Horseracing Authority, France Galop, the Direktorium für Vollblutzucht und Rennen, Horse Racing Ireland (HRI), and the Ministero delle Politiche Agricole Alimentari E Forestali (ex A.S.S.I.). Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual World's Best Racehorse Rankings (WBRR) produced by the WBRR Committee of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WBRR Committee including a co-Chairman.

## GROUND RULES

### 1. GENERAL RULES FOR EUROPEAN PATTERN AND LISTED RACES

Every European Pattern and Listed race must conform to the following rules:

- 1.1 It must have no indigenous conditions.
- 1.2 It must have a permanent element within the race title, to which a prefix or suffix may be added.
- 1.3 It must justify its Group or Listed status by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period. The Yearly Race Rating is the average of the official ratings, as agreed by the WBRR Committee, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings. If a race is abandoned during any three-year period, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

The Average Race Ratings below are the standard which a race should achieve to justify Pattern or Listed status:

<b>Group 1</b>	<b>Group 2</b>	<b>Group 3</b>	<b>Listed</b>
115	110	105	100

For certain races, however, other parameters will apply as follows:

**3-y-o's and/or older fillies' and mares' races**

<b>Group 1</b>	<b>Group 2</b>	<b>Group 3</b>	<b>Listed</b>
110	105	100	95

**2-y-o races (other than fillies' events)**

<b>Group 1</b>	<b>Group 2</b>	<b>Group 3</b>	<b>Listed</b>
110	105	100	95

**2-y-o fillies' races**

<b>Group 1</b>	<b>Group 2</b>	<b>Group 3</b>	<b>Listed</b>
105	100	95	90

- 1.5 Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- 1.6 Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.
- 1.7 No Group or Listed race should be permitted to divide into two or more divisions.
- 1.8 Total prize money, as advertised, must be paid out no later than 90 days after the date of the race.

## **2. DEFINITION OF CHANGES TO THE EUROPEAN PATTERN**

For the purposes of the Ground Rules, changes are defined as:-

- 2.1 Any change to the Group of a Pattern race.
- 2.2 Any change to the distance, age or sex restriction, date, venue or surface of a Pattern race.
- 2.3 Any change to the permanent element in the name of a Pattern race.
- 2.4 Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
- 2.5 The introduction of a new Pattern or Listed race.
- 2.6 The deletion of an existing Pattern or Listed race.

## **3. RULES GOVERNING EUROPEAN PATTERN AND LISTED RACE CHANGES**

### **3.1 Upgrading of Existing Pattern and Listed Races and the Creation of New Pattern and Listed Races**

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances and with the unanimous agreement of the Committee.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

- 3.1.1 To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on a similar date for at least the last three years. (Note: a change in venue and/or surface is acceptable).
- 3.1.2 An application for upgrading or admission of a race which has been abandoned once within the last three years may be submitted only if both of the last two Yearly Race Ratings meet the required parameter.
- 3.1.3 Upgrading of Existing Pattern Races
  - 3.1.3.1 An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
  - 3.1.3.2 A race shall be eligible for promotion to Group 1 or Group 2 if the race in question achieves both an Average Race Rating and a Yearly Race Rating for the last year, in excess of the applicable parameter.
  - 3.1.3.3 No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
  - 3.1.3.4 The upgrading of any race already in the Pattern must be approved unanimously by the Committee. (N.B. If a member country chooses to exercise its veto it must do so only on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.)
  - 3.1.3.5 The number of races to be upgraded within the Pattern in any member country will be limited to a maximum of three upgrades in any one year.
- 3.1.4 Upgrading of Listed Races into the Pattern
  - 3.1.4.1 A Listed race satisfying the requirements for admission into the Pattern can only be introduced as a Group 3 race.
  - 3.1.4.2 A race shall be eligible for promotion to Group 3 if the race in question achieves both an Average Racing Rating and a Yearly Race Rating for the last year which is at least 2lb (in both respects) in excess of the applicable parameter.
  - 3.1.4.3 The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.
  - 3.1.4.4 Any country with a race (or races) being deleted from the Pattern may introduce an equivalent number of new Pattern races in the year of the deletion provided in each case that the race fulfils the necessary requirements as above.
  - 3.1.4.5 Further, but subject to paragraph 3.1.4.6, any member country may introduce one additional race into the Pattern in any one year (but no more than one, other than in an exceptional case approved unanimously by the Committee) provided that the race fulfils the necessary requirements as above.

- 3.1.4.6 Paragraph 3.1.4.5 will not apply to any country where a race is due to be deleted from the Pattern automatically in that year or to any country which (at the conclusion of the Committee's Annual Meeting) retains any Group 3 races with an Average Race Rating which is more than 2lb below the required parameter. In either of those circumstances that country will not be permitted to increase its number of Pattern races that year.
- 3.1.4.7 Applications for new races to become Pattern races from associate members, or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Pattern race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5 New Listed Races
- 3.1.5.1 Subject to paragraph 3.1.5.2, any member country may introduce up to two additional Listed races in any one year (but no more than two, other than in an exceptional case approved unanimously by the Committee).
- 3.1.5.2 Paragraph 3.1.5.1 will not apply to any country where any Listed race is due to be deleted automatically in that year. In those circumstances that country will not be permitted to create any new Listed races in that year other than under the circumstances outlined in paragraph 3.1.5.3.
- 3.1.5.3 Any country voluntarily deleting a Listed race (or races) may introduce an equivalent number of new Listed races in the year of the deletion.
- 3.1.5.4 Subject to the above, the creation of new Listed races by a member country does not require the approval of the Committee.
- 3.1.5.5 Applications for new races to become Listed races from associate members or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.6 Notwithstanding the foregoing, there shall be no limit to the maximum number of new Listed races which may be created by a country wishing to become an associate member (after approval by a majority of the Committee) during their year of admission only, provided that each such race achieves the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.7 Any new Listed race which has been approved to take place in a country which is not an associate member will only be reviewed for potential upgrade or downgrade once the race has been run for a minimum of three years.

## **3.2 Downgrading or Deleting Pattern or Listed Races**

The following rules shall apply to the downgrading/deletion of Pattern or Listed races

### 3.2.1 Group 1 Races and Classic Races for 3 Years Old Only

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded.

### 3.2.2 Group 2 Races (Excluding those Classic Races for 3 Years Old Only)

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded. If it is not downgraded, then the Yearly Race Rating will need to meet the required parameter in the following year or the race will be downgraded automatically.

### 3.2.3 Group 3 Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

### 3.2.4 Listed Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years it will be downgraded automatically.

- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
  - If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.
- 3.2.5 The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern or Listed race by the country concerned. However, no country will have any right of veto in such circumstances.
- 3.3 In assessing upgrades, admissions, downgrades (except in the case of automatic downgrades) or deletions of races to or from the Pattern, the Committee may additionally take account of:**
- 3.3.1 The ratings of the four highest rated horses in any race as well as the first four to finish.
- 3.3.2 The effect on the shape of the Pattern in the country concerned and/or the effect on the shape of the entire European Pattern.
- 3.4 The following rules shall apply to any other amendments defined as changes to Pattern races:**
- 3.4.1 Any change to the distance, age or sex restriction or date of a Pattern race must be approved unanimously by the Committee.
- 3.4.2 Any change of surface or venue, any change to the permanent element in the name of a Pattern race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.
- 3.4.3 A member country should only exercise its veto on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.

#### **4. WEIGHT-FOR-AGE AND SEX ALLOWANCES**

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member and associate member countries.

#### **5. NOTIFICATION & IMPLEMENTATION OF CHANGES**

- 5.1 All Pattern and Listed race proposals for the following year must be notified to the Secretariat by 1 December for immediate circulation to all member and associate member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.
- 5.2 Proformas for upgrades into the Pattern or promotions within the Pattern must be completed in full and returned to the Secretariat at least one week in advance of the Annual Meeting. The Committee may reject any Pattern race proformas returned with incomplete information.
- 5.3 Changes shall be implemented for the immediate season if accepted according to the Ground Rules.
- 5.4 Until agreement has been reached by the Committee, there must be no official statement to the media of any proposed changes to Pattern and Listed races.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.
