HANDICAPS AND OTHER RATING RELATED RACES
HANDICAP RATING FOR QUALIFICATION

Before making entries for Handicaps and other Rating Related races, reference must be made to the qualifying Rating Lists published on the Official Handicap Ratings area of the British Horseracing Authority Racing Administration Service Internet site each Tuesday. These ratings will apply for qualification purposes for races closing on the Tuesday of publication through to the following Monday. Amendments to these qualifying ratings will also be published, for information, on the Racing Bulletin area of the Racing Administration Internet site.

HANDICAPS WITH SPLIT ENTRY STAKE FEES

For those Handicap races which have a split entry stake fee dependent on the Handicap rating of the horse, i.e.

- £xx stake if the horse is rated aa or higher, or
- £yy stake if the horse is rated bb or lower with
- £zz extra if the horse is declared to run

The relevant stake fee shall be determined by the Handicap rating used to calculate the weight for each horse entered in the race in question, and not by the published qualifying rating, if any.

The conditions of races appearing in this book are subject to alteration before closing. The final conditions will appear in the relevant Racing Calendar in advance of the closing date.

The total prize funds of races contained in this publication are provisional, due to 2015 HBLB funding and minimum values not yet being defined at the time of going to print.

ANGLO-IRISH JUMP CLASSIFICATIONS 2013/2014

This is the fifteenth full Anglo-Irish Jump Classification. It classifies the best steeplechasers and hurdlers that were trained in either Britain or Ireland during the 2013-2014 season. It is not a handicap but a retrospective measurement of best sustainable performances during the recent season.

The classifications are for all chasers and hurdlers down to a rating of 140. The steeplechasers are divided into distance categories of 2 miles, 2.5 miles and 3 miles plus and are included in the list in which the handicappers believe they have put up their best performance. Champions may be included twice if they have put up their best performance in a different category.

The hurdle categories are similar except that they are divided into two distances of 2 miles and 2.5 miles plus.

There is a separate classification identifying Novices rated 140 and above. Juvenile Hurdlers are included in the Novice section.

Horses trained in Ireland have * appended after their name. Mares are in italics.

The ratings were agreed and compiled by;

Phillip Smith	Great Britain
Noel O'Brien	Ireland
David Dickinson	Great Britain
Martin Greenwood	Great Britain
John de Moraville	Great Britain
Andrew Shaw	Ireland
Mark Olley	Great Britain
Chris Nash	Great Britain

GROUND RULES FOR THE JUMP PATTERN

1. INTRODUCTION

- a) The Jump Pattern will be administered by the Jump Racing Committee of the British Horseracing Authority. The Secretariat will be provided by the British Horseracing Authority's Racing Department.
- b) The Jump Racing Committee will aim to achieve a balance of Grade 1, Grade 2 and non-handicap Listed races within the Pattern and Listed race structure, so that there are more Grade 2 races than Grade 1, and that the total number of Grade 2 and non-handicap Listed races should be at least double the total number of Grade 1 races.
- c) All Jump races within Great Britain will be eligible to apply for Pattern status provided they comply with the criteria set out below.

2. GENERAL RULES FOR RACES IN THE JUMP PATTERN

Every Jump Pattern and Listed race must conform to the following rules:

- a) It should have no indigenous conditions.
- b) Grade 1 and 2 races must have a permanent element in the title, to which a prefix or suffix may be added.
- c) It must justify its grading by the quality of its runners, assessed primarily by the ratings of the best four horses, over a rolling three-year period.
- d) The parameters below are the standard that a race should achieve to justify Pattern or Listed status.

Pattern Races

Grade	Hurdle	Chase	NHF	Mares' races
Grade 1	155	155		148
Grade 1 (Novice)	140	140	130	n/a
Grade 2	145	145		138
Grade 2 (Novice)	135	135	125	n/a
Grade 3	140	140		n/a
Grade 3 (Novice)	130	n/a	n/a	n/a

Listed Races

Grade	Open			Mares' Races		
	Hurdle	Chase	NHF	Hurdle	Chase	NHF
Listed	135	135		128	128	
Listed (Novice)	125	125	115	118	118	113

A Pattern or Listed Race rating is the average of the annual ratings achieved by a race over a three-year period. The annual rating is the average of the end of season handicap ratings of the four highest rated horses in the race. If a race attracts less than four runners, then a rating of 100 will be inserted to make up the fourth (and where necessary third) rating. Any horse which appears in the four highest rated runners in a race that has a rating below 100 will have that rating inflated to 100.

This is to avoid penalising a race for attracting horses that, in their absence, would have resulted in a higher race rating. Where a race has been abandoned after declaration stage, the annual rating is calculated by taking an average of the four highest rated declarations. Should the race have been abandoned before declaration stage, no annual rating will be generated. In addition, the actual weight allowance received by any fillies and mares running in an open competition Jump Pattern or Listed race will be added to their official ratings for the sole purpose of calculating a Pattern or Listed Race rating. The parameters of Mares' races are set at seven pounds lower than open competition Jump Pattern and Listed races because Mares in open competition receive a seven pound allowance which needs to be accounted for to compare races on a level basis.

- e) Grade 1 races must be run with no penalties or allowances other than a sex allowance. Grade 2 races must be weight-for-age races or limited handicaps. Grade 3 races must be open handicaps with no rating band restriction.

(Note: A Pattern race below Grade 1 which is open only to first and second season horses may have a restriction of rating placed within the race conditions, by permission of the Committee).

3. CHANGES TO THE JUMP PATTERN

Any changes to races within the Jump Pattern must be agreed by the Jump Racing Committee and subsequently approved by the Board of the British Horseracing Authority. All proposed changes for the forthcoming season must be submitted to the Racing Department by the end of May. No applications will be considered after this date, unless otherwise directed by the Board in exceptional circumstances. For the purposes of the Ground Rules, changes are defined as:

- a) Any change of a Grade of a Pattern race.
- b) Any change to the conditions or date of a Pattern race.
- c) Any change to the permanent element in the name of a Pattern race.
- d) A change of more than 50% in the total value of a Grade 2 or 3 Pattern race.
- e) The introduction of a new Pattern race.
- f) The deletion of an existing Pattern race.

4. RULES GOVERNING JUMP PATTERN AND LISTED RACE CHANGES

- (a) The following rules shall apply to the upgrading of races by Grade and admission of new races to the Pattern, and shall be waived only in exceptional circumstances.
 - (i) To qualify for upgrading or admission to the Pattern, a race must have been run with similar conditions and comparable prize money, and on approximately the same date, for the last three years at least.
 - (ii) Promotion or admission of a race must be justified by the quality of the runners, assessed by the ratings of the best four horses, in the last three years at least. The criteria shall be the standard ratings for Pattern Grades set out in paragraph 2(d).

- (iii) No race shall be eligible for promotion to Grade 1 or 2 if this would involve a clash liable to have adverse effects on an existing Grade 1 or 2 race.
- (iv) A new race satisfying the requirements for admission to the Pattern must be introduced as a Grade 2 race (if a weight-for-age event or limited handicap) or a Grade 3 race (if an open handicap).
- (b) The following rules shall apply to the downgrading/deletion of Pattern and Listed races:-
 - (i) At the Jump Racing Committee's end of season meeting, any race will be subject to downgrading/deletion if its Pattern or Listed Race rating (three-year average of the annual ratings) is below the required parameter.
 - (ii) If the Committee decides that a race should be downgraded or deleted, the relevant racecourse will be notified and offered one further running of the race in an attempt to rectify its failings. However, the Committee must be satisfied that the racecourse in question can devise effective measures to encourage runners of the required quality.
 - (iii) If the Committee decides not to downgrade or delete Pattern or Listed status from a race which has achieved a Race rating below the required parameter, the racecourse concerned will be notified in writing of the race's under-performance and of the Committee's concern. The Committee will expect the racecourse to take measures that will attempt to boost the rating of the race.
- (c) In assessing upgrades, admissions, downgrades or deletions of races, the Jump Racing Committee will not take decisions based solely on ratings criteria. Other factors may additionally be taken into account, including:-
 - The average field size attracted by the race.
 - The effect on the shape of the British Jump Pattern as a whole, especially geographical considerations.
