HANDICAPS AND OTHER RATING RELATED RACES
HANDICAP RATING FOR QUALIFICATION

Before making entries for Handicaps and other Rating Related races, reference must be made to the qualifying Rating Lists published on the Official Handicap Ratings area of the British Horseracing Authority Racing Administration Service Internet site each Tuesday. These ratings will apply for qualification purposes for races closing on the Tuesday of publication through to the following Monday. Amendments to these qualifying ratings will also be published, for information, on the Racing Bulletin area of the Racing Administration Internet site.

HANDICAPS WITH SPLIT ENTRY STAKE FEES

For those Handicap races which have a split entry stake fee dependent on the Handicap rating of the horse, i.e.

- £xx stake if the horse is rated aa or higher, or
- £yy stake if the horse is rated bb or lower with
- £zz extra if the horse is declared to run

The relevant stake fee shall be determined by the Handicap rating used to calculate the weight for each horse entered in the race in question, and not by the published qualifying rating, if any.

The conditions of races appearing in this book are subject to alteration before closing. The final conditions will appear in the relevant Racing Calendar in advance of the closing date.

INTRODUCTION

The upgrading of the programme for stayers across Europe is the big news for 2017 but, first, how did the Pattern fare worldwide in 2016?

For the second year, the champion in the "Longines World's Best Racehorse Rankings" was to be found in the USA, this time not just one, but the top two: the three year old Arrogate (134) and the two years older California Chrome (133). These are high quality figures, with Arrogate matching last year's champion, American Pharoah.

Where did that leave Europe? Lagging a bit behind, with Almanzor best on 129. The highest ranked British trained horse was Postponed, on 124, the lowest since the rankings were introduced in, broadly, their current form (in 2004).

In 2016 the "Longines World's Best Group 1 race" was judged on the ratings of just the one year, rather than the three year average formula which applied in the previous (inaugural) year, and which also determines qualification for Group status generally. It is hardly a surprise that the leader was the Breeders' Cup Classic, with an average rating for the first four home of 125.25, fully 10lb higher than the parameter for Group 1 qualification. The Irish Champion Stakes shared second place, with the QIPCO Champion Stakes, at fifth, the highest rated race staged in Britain. In all, six of the top twenty races were staged in Europe (three of them in Britain), a historically low proportion. All of the top twenty races had a Pattern race rating in excess of 120, and none of them was a race confined to three year olds.

The most significant change in the European Pattern this year is the enhancement of the black type programme for staying horses. As forecast in last year's book, there has been growing unease for some years over the gradual reduction in the perceived worth, to both racing and breeding, of a horse which can comfortably gallop for 14 furlongs or more. The arguments have been well rehearsed and generally accepted.

The ratings of staying Pattern races have been sagging. In most years one has had to look a long way down the "Best Racehorses" list to find a name in the "extended" category. In much of the world, interest in the staying horse has been on the wane. (The "Marathon" (14 furlongs) has been removed from the Breeders' Cup programme.)

So the question has been this: if it has ceased to be merely desirable, but has become essential to halt and then reverse the decline in the numbers, quality and status of the staying thoroughbred, how can this be achieved? It has to be by providing additional prestige opportunities, with a supporting programme down the classes, to incentivise horsemen to make the investment in an animal which is not designed, at its most extreme, to be a champion two year old and then go off to stud.

The European Pattern Committee has felt that this issue is sufficiently crucial to justify embarking upon an ambitious upgrading programme, outside the usual Pattern parameters. It is well understood that startling results will not be achieved instantly. A covering in 2017 cannot produce an Ascot Gold Cup winner before 2022. Consequently the new status of upgraded and freshly introduced stayers' races will be protected until 2022, and reviewed at that time. Provision will be made for a more extensive programme of longer distance races at three, and indeed for late season two year olds.

How is this going to happen? Well, this is a book about the Flat Pattern, so we will not stray into the enhanced programme at Class 2 and beyond. The headline consequences are the promotion of the Goodwood Cup to Group 1 (not without detailed consideration of the merits of the other relevant Group 2 races); and of the Queen's Vase to Group 2, the latter at a reduced distance of 14 furlongs. Some have suggested that to reduce the distance of the Queen's Vase is a retrograde step, but it must be remembered that the failure of that race to attract a field of quality in depth is what caused its relegation from Group 3 a couple of years ago.

That is by no means all. Three other races have been upgraded, and three new Listed races created, together three each in Ireland and Germany (the latter including an upgraded two mile Group 2 for older horses in May). This is all still work in progress, however, in the latter part of the season, when issues over smooth co-ordination with the French programme have still to be resolved.

Moving away from the stayers, the recent development of our fillies and mares programme continues: the Princess Royal over 12 furlongs in September goes up to Group 3, and two new Listed races are introduced, at Musselburgh in June over 7 furlongs, and at Ayr in September over 5½.

The British black type programme is not entirely unscathed however; the Woodcote Stakes at the Derby meeting loses Listed status, after a series of drab renewals.

In all, over Europe as a whole, there are eight upgrades/new Listed races to advance the stayers' project, and beyond that seven races go up and ten go down, to reflect the EPC's tighter ground rules. Sadly demotion to Group 2 is the fate of three of Italy's four remaining Group 1s which, it seems, just cannot match the required standard. Only the Premio Lydia Tesio survives at the top level.

Again, minimum values for British black type races remain unchanged in 2017, as follows:

Group 1	(3yo+)	£200,000	(2yo)	£150,000
Group 2	(3yo+)	£90,000	(2yo)	£65,000
Group 3	(3yo+)	£60,000	(2yo)	£40,000
Listed	(3yo+)	£37,000	(2yo)	£25,000

Happily, however, racecourses ensure that many of these contests are run for prize funds well above the minimum, and the competition remains strong among them to take on a new black type race when opportunity arises.

SCALE OF WEIGHT FOR AGE FOR FLAT RACES - (NORTHERN HEMISPHERE BRED)

Note: Attention is drawn to the provisions of Rule (F)29.2

Changes from the previous year are shown in bold.

The scale of weight for age is published by authority of the Directors of the British Horseracing Authority as a guide to Clerks of Courses in the framing of races. It is founded on the scale published by Admiral Rous and revised by him in 1873. It has been modified in accordance with suggestions from the principal trainers and practical authorities; it has been further revised since and is republished in its present form.

Expressed as the number of pounds that it is deemed the average horse in each age group falls short of maturity at different dates and distances.

EUROPEAN PATTERN COMMITTEE

AIMS

1. The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries and throughout Europe as a whole.
2. The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

MEMBERSHIP AND ADMINISTRATION

1. The Committee includes five member countries: Britain, France, Germany, Ireland, and Italy, represented by their respective racing authorities: the British Horseracing Authority, France Galop, the Direktorium fr Vollblutzucht und Rennen, Horse Racing Ireland (HRI), and the Ministero Delle Politiche Agricole Alimentari E Forestali (MIPAAF). Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual World's Best Racehorse Rankings (WBRR) produced by the WBRR Committee of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WBRR Committee including a co-Chairman.

GROUND RULES

1. GENERAL RULES FOR EUROPEAN PATTERN AND LISTED RACES

Every European Pattern and Listed race must conform to the following rules:

- 1.1 It must have no indigenous conditions.
- 1.2 It must have a permanent element within the race title, to which a prefix or suffix may be added.
- 1.3 It must justify its Group or Listed status by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period. The Yearly Race Rating is the average of the official ratings, as agreed by the WBRR Committee, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings. If a race is

abandoned during any three-year period, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

The Average Race Ratings below are the standard which a race should achieve to justify Pattern or Listed status:

Group 1	Group 2	Group 3	Listed
115	110	105	100

For certain races, however, other parameters will apply as follows:

3-y-o's and/or older fillies' and mares' races

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o races (other than fillies' events)

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o fillies' races

Group 1	Group 2	Group 3	Listed
105	100	95	90

- 1.5 Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- 1.6 Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.
- 1.7 Group and Listed races cannot be restricted to maiden horses, or horses that have been sold or bought in at a specified public sale(s).
- 1.8 No Group or Listed race should be permitted to divide into two or more divisions.
- 1.9 Total prize money, as advertised, must be paid out no later than 90 days after the date of the race.

Under certain circumstances the Committee may decide to temporarily suspend a rule, or rules, in order to implement an agreed strategic project designed to have a positive long-term impact on European racing and/or breeding.

2. DEFINITION OF CHANGES TO THE EUROPEAN PATTERN

For the purposes of the Ground Rules, changes to Pattern and Listed races requiring consideration by the Committee are defined as:

- 2.1 Any change to the Group of a Pattern race.
- 2.2 Any change to the distance, age or sex restriction, date, venue or surface of a Pattern or Listed race.
- 2.3 Any change to the permanent element in the name of a Pattern or Listed race.
- 2.4 Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
- 2.5 The introduction of a new Pattern or Listed race.
- 2.6 The deletion of an existing Pattern or Listed race.

3. RULES GOVERNING EUROPEAN PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of Existing Pattern and Listed Races and the Creation of New Pattern and Listed Races

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances and with the unanimous agreement of the Committee.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

- 3.1.1 To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on a similar date for at least the last three years. (Note: a change in venue and/or surface is acceptable).
- 3.1.2 An application for upgrading or admission of a race which has been abandoned once within the last three years may be submitted only if both of the last two Yearly Race Ratings meet the required parameter.
- 3.1.3 Upgrading of Existing Pattern Races
 - 3.1.3.1 An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
 - 3.1.3.2 A race shall be eligible for promotion to Group 1 or Group 2 if the race in question achieves both an Average Race Rating and a Yearly Race Rating for the last year, in excess of the applicable parameter.
 - 3.1.3.3 No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
 - 3.1.3.4 The upgrading of any race already in the Pattern must be approved unanimously by the Committee. (N.B. If a member country chooses to exercise its veto it must do so only on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.)
 - 3.1.3.5 The number of races to be upgraded within the Pattern in any country will be limited to a maximum of three upgrades in any one year.
- 3.1.4 Upgrading of Listed Races into the Pattern
 - 3.1.4.1 A Listed race satisfying the requirements for admission into the Pattern can only be introduced as a Group 3 race.
 - 3.1.4.2 A race shall be eligible for promotion to Group 3 if the race in question achieves both an Average Racing Rating and a Yearly Race Rating for the last year which is at least 21b (in both respects) in excess of the applicable parameter.
 - 3.1.4.3 The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.

- 3.1.4.4 Any country may introduce one additional race into the Pattern in any one year (but no more than one, other than in an exceptional case approved unanimously by the Committee) provided that the race fulfils the necessary requirements as above.
- 3.1.4.5 Applications for new races to become Pattern races from associate members, or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Pattern race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5 New Listed Races
- 3.1.5.1 Any country may introduce up to two additional Listed races in any one year (but no more than two, other than in an exceptional case approved unanimously by the Committee).
- 3.1.5.2 Subject to the above, the creation of new Listed races by a member country does not require the approval of the Committee.
- 3.1.5.3 Applications for new races to become Listed races from associate members or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.4 Notwithstanding the foregoing, there shall be no limit to the maximum number of new Listed races which may be created by a country wishing to become an associate member (after approval by a majority of the Committee) during their year of admission only, provided that each such race achieves the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year

3.2 Downgrading or Deleting Pattern or Listed Races

The following rules shall apply to the downgrading/deletion of Pattern or Listed races

- 3.2.1 Group 1 Races and Classic Races for 3 Years Old Only
- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
 - If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
 - If the Yearly Race Rating is more than 2lb below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
 - If the Yearly Race Rating is more than 2lb below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded.

3.2.2 Group 2 Races (Excluding those Classic Races for 3 Years Old Only)

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded. If it is not downgraded, then the Yearly Race Rating will need to meet the required parameter in the following year or the race will be downgraded automatically.

3.2.3 Group 3 Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

3.2.4 Listed Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years it will be downgraded automatically.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

3.2.5 When assessing the potential downgrade of a Group 1 race, or a Classic race for 3 years old only, the Committee may additionally take account of the ratings of the four highest rated horses in the race as well as the first four to finish.

3.2.6 The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern or Listed race by the country concerned. However, no country will have any right of veto in such circumstances

3.3 The following rules shall apply to any other amendments defined as changes to Pattern or Listed races:

- 3.3.1 Any change to the distance, age or sex restriction or date of a Pattern or Listed race must be approved unanimously by the Committee.
- 3.3.2 Any change of surface or venue, any change to the permanent element in the name of a Pattern or Listed race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.
- 3.3.3 A member country should only exercise its veto on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.

4. WEIGHT-FOR-AGE AND SEX ALLOWANCES

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member and associate member countries.

5. NOTIFICATION & IMPLEMENTATION OF CHANGES

- 5.1 All Pattern and Listed race proposals for the following year must be notified to the Secretariat by 1 December for immediate circulation to all member and associate member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.
- 5.2 Proposals submitted in accordance with Paragraph 5.1 must later be updated to contain the official ratings, as agreed by the WBRR Committee, and returned to the Secretariat at least one week in advance of the Annual Meeting. The Committee may reject any Pattern or Listed race proposals returned with incomplete information.
- 5.3 Changes shall be implemented for the immediate season if accepted according to the Ground Rules.
- 5.4 Until agreement has been reached by the Committee, there must be no official statement to the media of any proposed changes to Pattern and Listed races.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.

Races run on the All Weather Track are shown in **bold** type.

Yearly Race Ratings are calculated using the average end of season rating for the first four placed horses.

The fillies' allowance applied domestically in Pattern races has been added to the end of season rating for fillies placed in open races.

The Average Race Rating is calculated using the average Yearly Race Ratings for the three most recent years available.
