

For detailed information visit britishhorseracing.com/regulation/brexit

GET EQUINES TESTED FOR CERTAIN DISEASES

You are likely to need to get your equines tested so they're free of certain diseases within 30 days before travel.

This is subject to animal health listing by the EU.

For detailed information visit britishhorseracing.com/regulation/brexit

MEET ISOLATION AND RESIDENCY REQUIREMENTS

Before export of a registered horse, you'll need to keep the animal on a holding in the UK under veterinary supervision, or a country with similar health status for 40 days, this period will be 90 days if the Stud Book is not recognised by the EU.

For detailed information visit britishhorseracing.com/regulation/brexit

APPLY FOR AN EXPORT HEALTH CERTIFICATE (EHC)

You need to complete an EHC and some supporting documents to export a live animal in a no deal Brexit to replace the Intra Trade Animal Health Certificate (ITAHC).

For detailed information visit britishhorseracing.com/regulation/brexit

CHECK YOU HAVE THE RIGHT EQUINE IDENTIFICATION

You'll be able to use your Weatherbys horse passport.

If the Stud Book is not recognised by the EU
you will also need a government-issued equine ID.

CHECK IF YOU NEED AN EXPORT WELFARE DECLARATION

Thoroughbred horses don't need an export declaration if they are being shipped for a race or for training, or they're being shipped to be used for breeding.

For detailed information visit britishhorseracing.com/regulation/brexit

NOTIFICATION THAT HORSES WILL BE IMPORTED

Check whether you need to notify the stud book of the country of import and the relevant government agency regarding imports from non-EU countries and EU countries.
